

ROADWAY RESURFACING

International Speedway Boulevard (U.S. 92/S.R. 600) from north of Educators Road to north of Tomoka Farms Road

Volusia County

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is repaving International Speedway Boulevard (U.S. 92/State Road (S.R.) 600) from north of Educators Road to north of Tomoka Farms Road to extend the life of the existing roadway. The eastbound lanes will be resurfaced throughout the project limits, while the westbound lanes will be resurfaced from north of Tomoka Farms Road to north of Grande Champion Boulevard. Additional improvements include lighting upgrades at the signalized intersections, reconstruction of the existing signal at LPGA Boulevard, and the extension of the eastbound right turn lane onto Tomoka Farms Road.

WHAT TO EXPECT

Motorists can expect single lane closures and traffic shifts on International Speedway Boulevard (U.S. 92/S.R. 600) throughout the project. Additionally, there will be occasions in which the eastbound Interstate 4 (I-4/S.R. 400) off-ramp onto International Speedway Boulevard at Exit 129 will be temporarily closed, and traffic will be detoured to facilitate construction. Electronic message boards and other signage will guide motorists around these closures.

Uneven pavement is a common, unavoidable roadway condition with resurfacing projects as the contractor must put down different layers of asphalt during various phases of construction. Road conditions are short-term and will become less apparent as the project progresses. Motorists are asked to exercise caution while driving through the work zone.

The contractor will maintain access to sidewalks, businesses, and residences throughout the project. The construction schedule may change due to weather or other unexpected conditions. For project updates, visit the FDOT's Central Florida Roads website, www.cflroads.com.

Financial Project Identification (FPID) No. 445208-1

CONTRACTOR

Halifax Paving, Inc.

PROJECT COST

\$4.4 Million

PROJECT START

August 2023

ESTIMATED COMPLETION

Summer 2024
