

ROADWAY RESURFACING

S.R. 100 (E. Moody Boulevard) from N. Palmetto Street to Old Kings Road South

Flagler County

Financial Project Identification (FPID)

No: 445219-1

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is resurfacing State Road (S.R.) 100 (E. Moody Boulevard) from east of North Palmetto Street in Bunnell to Old Kings Road in Palm Coast to extend the life of the roadway. Work also includes roadway widening to add right turn lanes from S.R. 100 to Seminole Woods Boulevard/Town Center Boulevard and an eastbound right turn lane onto Commerce Parkway. Pedestrian enhancements include sidewalk construction, crosswalk additions at the S.R. 100 intersections of Landing Boulevard, Bulldog Drive, Town Center Boulevard, Memorial Medical Parkway, and Old Kings Road, and curb ramp upgrades to meet Americans with Disabilities Act (ADA) standards.

Additional improvements include shoulder widening, upgrading the traffic signals at Belle Terre Parkway and Memorial Medical Parkway with new mast arm signal poles, and the installation of Wrong Way Driving devices at the Interstate 95 (I-95) interchange off-ramps.

WHAT TO EXPECT

S.R. 100 will remain open to traffic during construction. However, throughout the project, motorists can expect nighttime single-lane closures on S.R. 100 from 9 p.m. to 7:30 a.m. Signage and traffic control devices will direct drivers through the remaining open lanes during these closures.

Work at the I-95 ramps will require occasional ramp closures accompanied by a detour between the hours of 10 p.m. and 5 a.m. The contractor will maintain access to businesses and residences during construction. Pedestrian detours will be utilized as necessary. Motorists and pedestrians are asked to exercise caution while traveling through the work zone.

Uneven pavement is a common, unavoidable roadway condition with resurfacing projects as the contractor must place different layers of asphalt during various phases of construction. Road conditions during construction are short-term and will become less apparent as the project nears completion.

The construction schedule may change due to weather or other unexpected conditions. For project updates, including lane closure information, visit the FDOT's Central Florida Roads website, www.cflroads.com.

CONTRACTOR

Halifax Paving, Inc.

PROJECT COST

\$15.3 Million

PROJECT START

April 2024

ESTIMATED COMPLETION

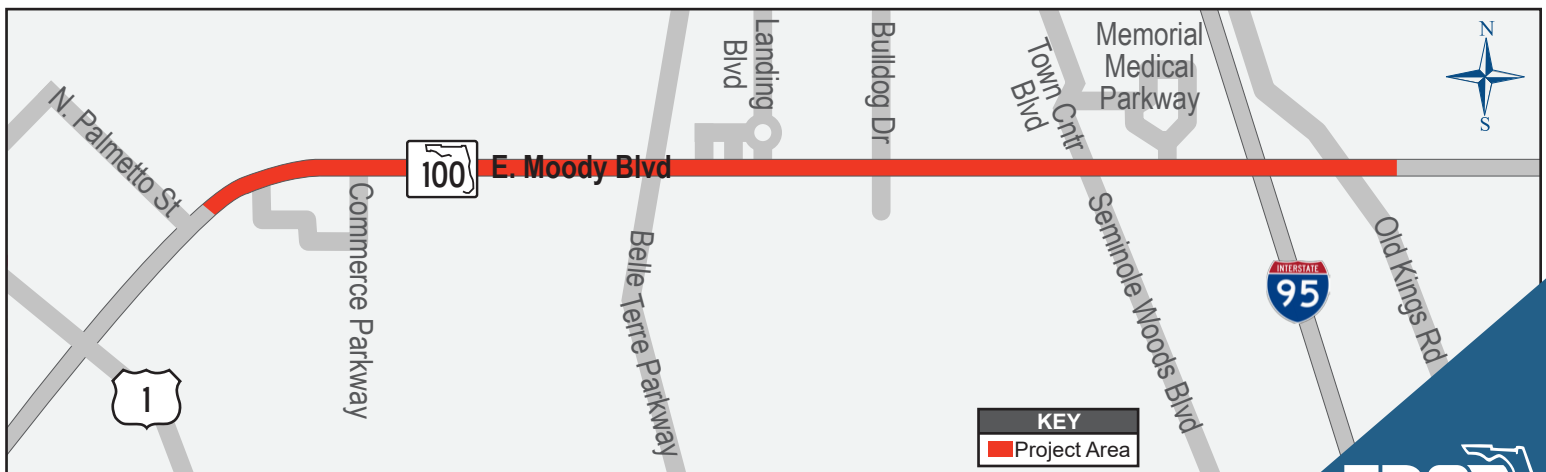

Summer 2025
