

S.R. 50/S.R. 33 Resurfacing

Eastbound from west of S.R. 50/S.R. 33 split to Crittenden Street

Lake County

Financial Project Identification (FPID) No.: 447093-1

Project Description

The Florida Department of Transportation (FDOT) proposes operational and bicycle improvements along eastbound State Road (S.R.) 50/S.R. 33 (West Broad Street/East Broad Street/Orange Street) from west of where S.R. 50/S.R. 33 splits to Crittenden Street in Groveland. The project plans to repave this section of S.R. 50/S.R. 33 to enhance the driving surface.

The project proposes to improve bicycle connectivity by adding a bicycle lane, which will require removal of some on-street parking spaces. Additionally, the project would construct a bicycle through-lane next to the right turn lane at the Crittenden Street intersection.

Other planned safety improvements include lighting upgrades and reconstructing the curb line in some areas to introduce small lane shifts to help reduce traffic speed. New crosswalks are also being considered.

Project Status and Estimated Costs*

Design:	Ongoing – completion early 2023	\$ 618,000
Right of Way:	Within existing	—
Construction:	Funded - early 2024	\$ 1.4 million

*subject to change
