

RESURFACING AND SAFETY IMPROVEMENTS

U.S. 17-92 (Orange Blossom Trail/John Young Parkway) from east of Ham Brown Road to south of Portage Street

Osceola County

**Financial Project Identification
(FPID) No.:** 445210-1

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) will resurface U.S. 17-92 (Orange Blossom Trail/John Young Parkway) from east of Ham Brown Road to south of Portage Street to extend the life of the roadway. Other features of this project include concrete islands for new pedestrian crosswalks as well as drainage improvements, shoulder widening, new sidewalk construction to fill some existing gaps where possible, curb ramp reconstruction, and traffic signal upgrades.

WHAT TO EXPECT

During construction, motorists should expect lane closures and detours on weekdays and weekends. Electronic message boards and other signage will be used to direct traffic through the work zone. Road conditions during construction will become less apparent as the project makes progress. Motorists are asked to exercise caution and reduce their speed while driving through the work zone.

The contractor will maintain pedestrian access to sidewalks during construction using signed detours, traffic control devices, and/or temporary walkways and ramps, when appropriate. The construction schedule may change due to weather or other unexpected conditions. For the most current project details, visit the project pages on FDOT's Central Florida Roads website, www.cflroads.com.

CONTRACTOR

Preferred Materials, Inc.

PROJECT COST

\$14.3 million

PROJECT START

September 2022

ESTIMATED COMPLETION

Spring 2024
