

INTERSECTION IMPROVEMENTS

East Silver Springs Boulevard (S.R. 40) at NE 14th Street (S.R. 492)

Marion County

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) will construct improvements at the intersection of East Silver Springs Boulevard (State Road (S.R.) 40) at NE 14th Street (S.R. 492) to enhance safety and operations for drivers, pedestrians, and bicyclists.

Work will consist of replacing the existing free-flow dual right turn lanes from westbound East Silver Springs Boulevard to westbound NE 14th Street with a signalized, single right turn lane for both driver and pedestrian safety.

The project will enhance safety for bicyclists by adding a 7-foot-wide, buffered bike lane beginning on East Silver Springs Boulevard and connecting to the existing bicycle lane on NE 14th Street. New pedestrian crosswalks and lighting will also be added.

The traffic signals at the intersection will be upgraded and the roadway will be repaved within the project limits. Other planned safety improvements include drainage and sidewalk reconstruction to comply with current Americans with Disabilities (ADA) standards.

WHAT TO EXPECT

During construction, motorists should expect lane closures and detours on weekdays and weekends. Electronic message boards and other signage will be used to direct traffic through the work zone.

Uneven pavement is a common condition with projects that require temporary asphalt pavement or resurfacing, as the contractor must put down different layers of asphalt during various phases of construction. Motorists are asked to exercise caution and reduce their speed while driving through the work zone. The construction schedule may change due to weather or other unexpected conditions.

For the most current project details and lane closure information, make sure to visit FDOT's Central Florida Roads website, www.cflroads.com.

Financial Project Identification (FPID) No.: 445800-1

CONTRACTOR

C.W. Roberts Contracting, Inc.

PROJECT COST

\$2 Million

PROJECT START

April 2023

ESTIMATED COMPLETION

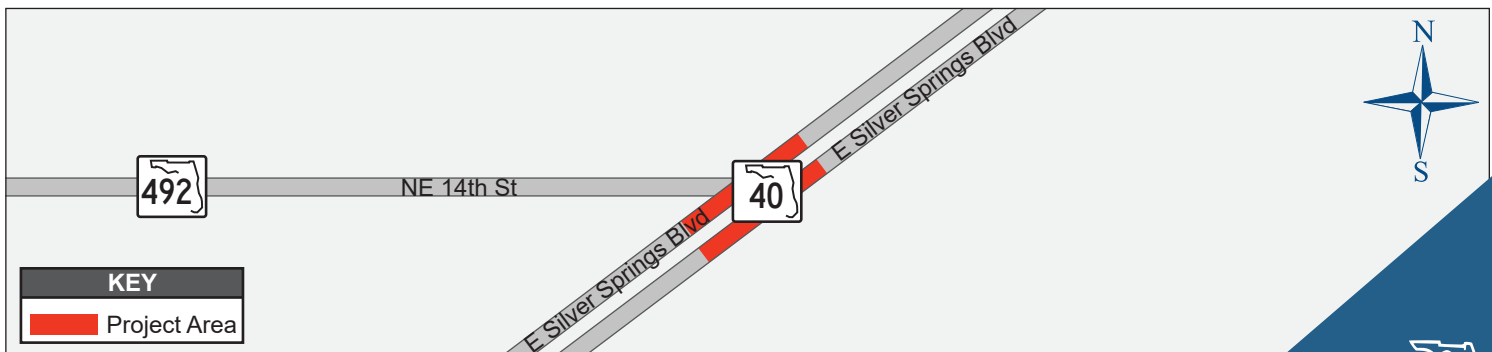

Summer 2024
