

South Ridgewood Avenue (U.S. 1) at Marion Avenue Safety Improvements

Volusia County

Financial Project Identification (FPID) No.: 992200-2

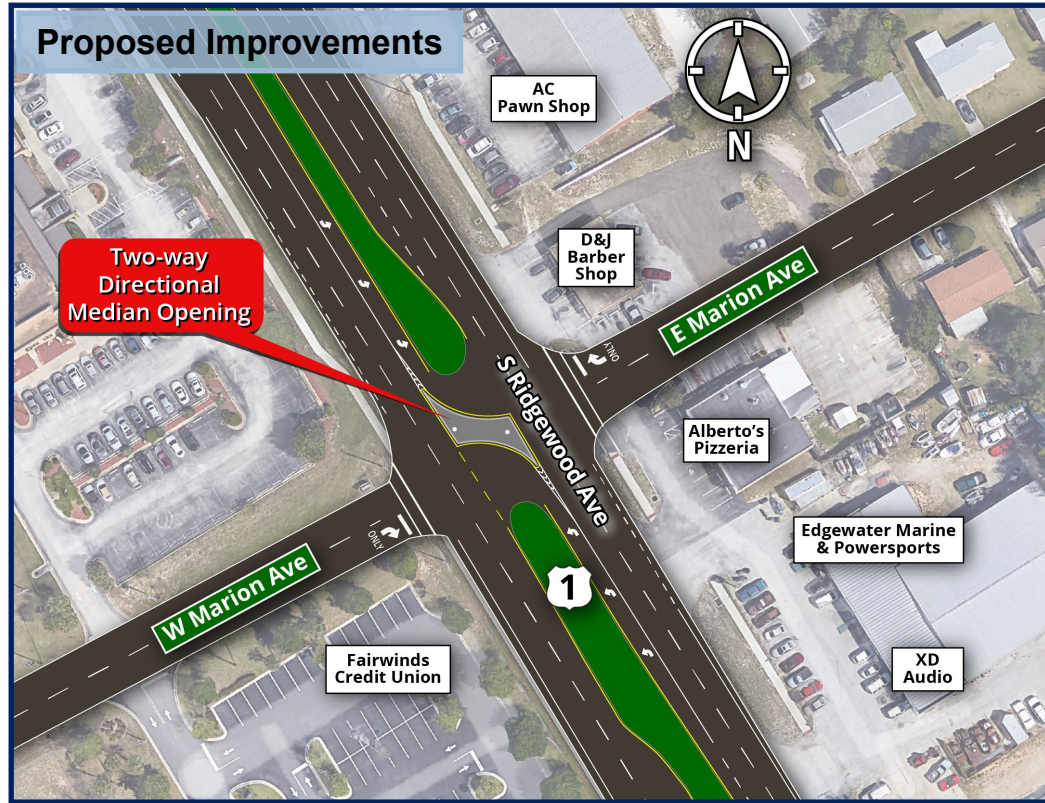

Project Description

The Florida Department of Transportation (FDOT) is proposing safety improvements at the intersection of South Ridgewood Avenue (U.S. 1) and Marion Avenue in Edgewater, Volusia County. These improvements will enhance safety by implementing improved access control, enhancing traffic flow and reducing the possibility of conflict points, or locations where a crash can occur.

Proposed improvements consist of converting the full median opening to a two-way directional median opening. These proposed improvements will continue to allow U-turns for both northbound and southbound traffic on South Ridgewood Avenue. Northbound traffic will be able to turn left onto W. Marion Avenue. Southbound traffic will also be able to turn left onto E. Marion Avenue. Right turns will only be possible from Marion Avenue onto South Ridgewood Avenue.

Signage and pavement markings will be updated and the crosswalk at Marion Avenue will also be restriped.

Project Status and Estimated Costs*

Design:	Ongoing-completion 2024	N/A **
Right of Way:	Within existing	-
Construction:	Funded 2025	\$110,000

*subject to change **design by in-house FDOT staff
