Temporary Night Time Detour on I-4 in Daytona

Volusia County – Drivers need to be aware of an upcoming eastbound road closure on I-4, near Daytona Beach. The Florida Department of Transportation (FDOT) and its contractor, The de Moya Group, are planning overnight detours on March 26 (Thursday) from 9:00 p.m. to 5:30 a.m.

This detour is related to the current FDOT widening project already underway in the area, and will involve setting signage over the eastbound lanes of I-4 near the ramp to US 92. The I-4 eastbound lanes will be closed requiring traffic to detour to US 92 east and will then be routed to I-95. At I-95, traffic can take either I-95 north or south depending on their destination.

Times and dates could change based on weather conditions and other variables, updates will be provided if the schedule is modified.

Message boards and detour signs will be in place throughout the zone guiding drivers through the area. For the most up-to-date information on road and lane closures, go to www.cflroads.com and click on 'Lane Closures'.

The Florida Department of Transportation urges motorists to drive carefully in construction zones. All vehicle occupants should buckle up. Safety belts save lives.
