

State Road (S.R.) A1A/Dunlawton Avenue Over Halifax River Bridge Painting

Port Orange, Volusia County

Financial Project ID: 439270-1

Project Details

The Florida Department of Transportation will be cleaning and painting the steel surfaces of the State Road (S.R.) A1A/Dunlawton Avenue bridge over the Halifax River in Port Orange. The work also includes cleaning and painting the bridge bearings as needed.

Impact to Motorists and Boaters

The contractor will be accessing the work area from the top of the bridge. This will require closing one eastbound lane beginning just west of the entrance to Port Orange Causeway Park and extending across the bridge. The park entrance will be open. The project is not expected to require closures of the sidewalk.

The channel will remain open, and the contractor is to maintain a 65-foot clearance through at least half of the channel. The minimum clearance allowed in any part of the channel is 61 feet. Boaters are asked to use caution in the area.

Fast Facts

Contractor:

Intech Contracting, LLC

Approximate Cost:

\$3.2 Million

Work to Begin:

August 2018

Estimated Completion:

Spring 2019
