

PUBLIC WORKSHOP

PROPOSED ROADWAY IMPROVEMENTS

The Florida Department of Transportation (FDOT) is holding a public workshop regarding the resurfacing project on S.R. 25/U.S. 441 from S.R. 35 (Baseline Road) to S.R. 200 (SW 10th Street). See project location map to the right.

YOU ARE INVITED TO A PUBLIC WORKSHOP

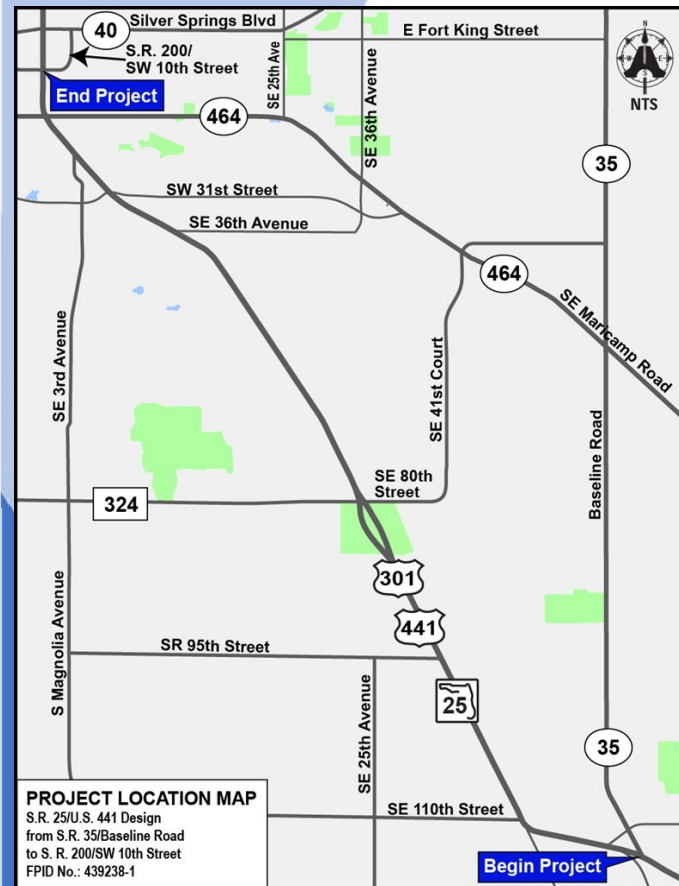

Date: November 13, 2018

Time: Open House from 5:30 p.m. to 7:30 p.m.

Location: NOW Church, 6405 S. Pine Avenue, Ocala, FL 34480.

The existing typical sections on U.S. 441, within the project limits, will be modified to extend left and right turn lanes at various locations, remove some of the existing on street parking, provide bicycle facilities within the right of way where possible, update and provide pedestrian features to meet current FDOT specifications, connect existing sidewalk including a 6-mile portion from SE 100th Place to 2,000 feet north of SE 17th Avenue, and make other drainage and safety improvements, as needed.

The project also includes constructing a southbound left turn lane to SE 100th Place via a directional median opening and shifting the existing northbound left turn lane to the south to maintain storage length. The existing median opening just east of SE 100th Place, in front of the Moose Lodge, will be removed. The project will incorporate the construction of southbound and northbound left turn lanes at SE 98th Lane by changing the existing median opening. Drainage improvements will also be addressed within the grassed median.

PROJECT LOCATION MAP

S.R. 25/U.S. 441 Design
from S.R. 35/Baseline Road
to S.R. 200/SW 10th Street
FPID No.: 439238-1

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator at jennifer.smith2@dot.state.fl.us.
