Taylor Road (State Road (S.R.) 15A) Access Management
Taylor Road (State Road (S.R.) 15A) and South Woodland Boulevard
(S.R. 15 (US 17/92)) Intersection Improvements
Florida Department of Transportation

Public Hearing

DATE: Thursday, May 9, 2019

TIME: 5:30 p.m.

PLACE: Sanborn Event Center
Ballroom A
815 South Alabama Avenue
DeLand, Florida 32724

The Florida Department of Transportation (FDOT) is holding a public hearing regarding plans to improve safety along Taylor Road in DeLand, Florida. The public hearing is being held to review the latest design plans. The projects are funded for construction in July of 2020. Planned safety improvements involve installing directional medians. This will restrict left turns out of some local roads and/or driveways onto Taylor Road (S.R. 15A).

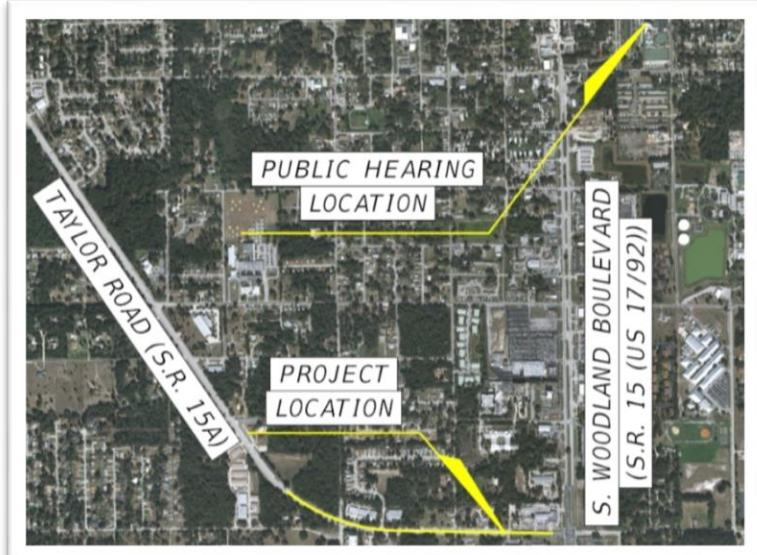

Modifications like this improve safety in the area by reducing the number of conflict points for drivers. Locations for U-turns will be enhanced on Taylor Road between South Woodland Boulevard and South Adelle Avenue. Work also includes adding a traffic signal at South Clara Avenue, additional pedestrian improvements, and resurfacing Taylor Road within the project limits. Improvements also involve operational and safety enhancements to the Taylor Road and South Woodland Boulevard intersection for vehicular and pedestrian traffic, which include raised medians for pedestrians and increased efficiency for right turn traffic from eastbound Taylor Road to southbound South Woodland Boulevard.

The public hearing is being held Thursday, May 9, 2019, at the Sanborn Event Center, Ballroom A, 815 South Alabama Avenue, DeLand, FL 32724. The public hearing begins as an open house starting at 5:30 p.m., where the participants may review project documents and discuss the project with staff. There is a brief presentation at 6 p.m., after which participants may provide comments.

Work may require nighttime lane closures. Access to businesses and residences will be maintained during the construction process. FDOT personnel and consultants will be available at the meeting to discuss the improvements under consideration and answer any questions you may have.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator by email at Jennifer.Smith2@dot.state.fl.us.

Persons with disabilities who require accommodations under the Americans with Disabilities Act, or persons who require translation services (free of charge) should contact: Robert Neil, P.E., Consultant Project Manager, by phone 813-621-3250, or via e-mail rneil@srdeng.com at least seven days prior to the meeting. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1-800-955-8771 (TDD) or 1-800-955-8770.
