

# ROADWAY RESURFACING

Financial Project  
Identification No.:  
441014-1

State Road 44 from west of Interstate 75 to Citrus County line

## Sumter County

### PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is resurfacing State Road 44 in Sumter County from just west of Interstate 75 to the Citrus County line. The work will also include stormwater pipe repairs and shoulder widening in some locations.

### WHAT TO EXPECT

During construction, motorists can expect frequent single-lane closures during daytime hours. Signage and traffic control devices will direct drivers through the remaining open lanes during these closures. Uneven pavement is a common, unavoidable roadway condition with resurfacing projects as the contractor must put down different layers of asphalt during various phases of construction. Road conditions during construction are short-term and will become less apparent as the project progresses. Motorists are asked to exercise caution while driving through the work zone.

The contractor will maintain access to sidewalks, businesses and residences during construction. The construction schedule may change due to weather or other unexpected conditions. For project updates, visit the FDOT's Central Florida website [www.cflroads.com](http://www.cflroads.com).

#### CONTRACTOR

Anderson Columbia, Inc.

#### PROJECT COST

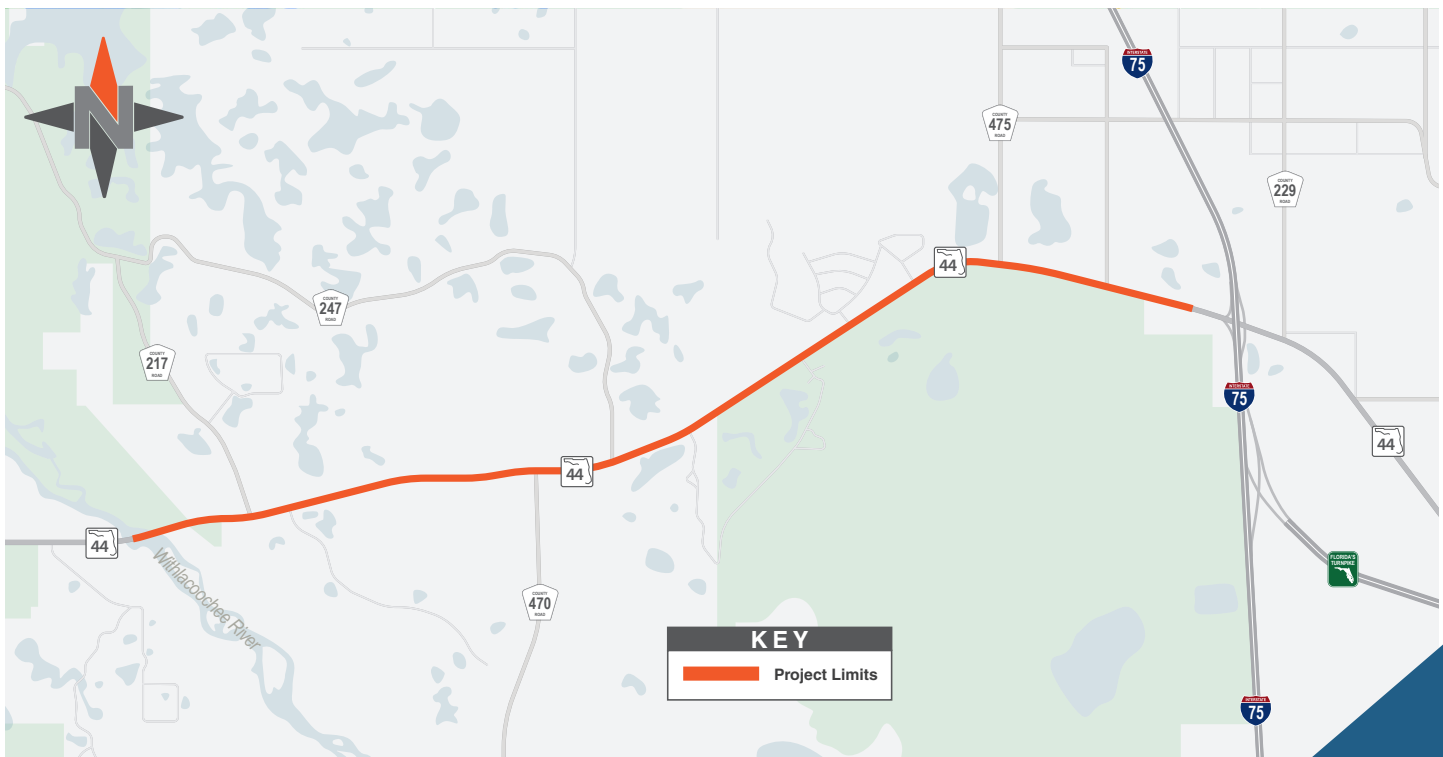

\$8.5 million

#### PROJECT START

April 2021

#### ESTIMATED COMPLETION

Fall 2021
