

INTERSECTION IMPROVEMENTS

Financial Project
Identification No.:
442088-1

State Road 50 (East Colonial Drive) at Oberry Hoover Road

Orange County

PROJECT DESCRIPTION

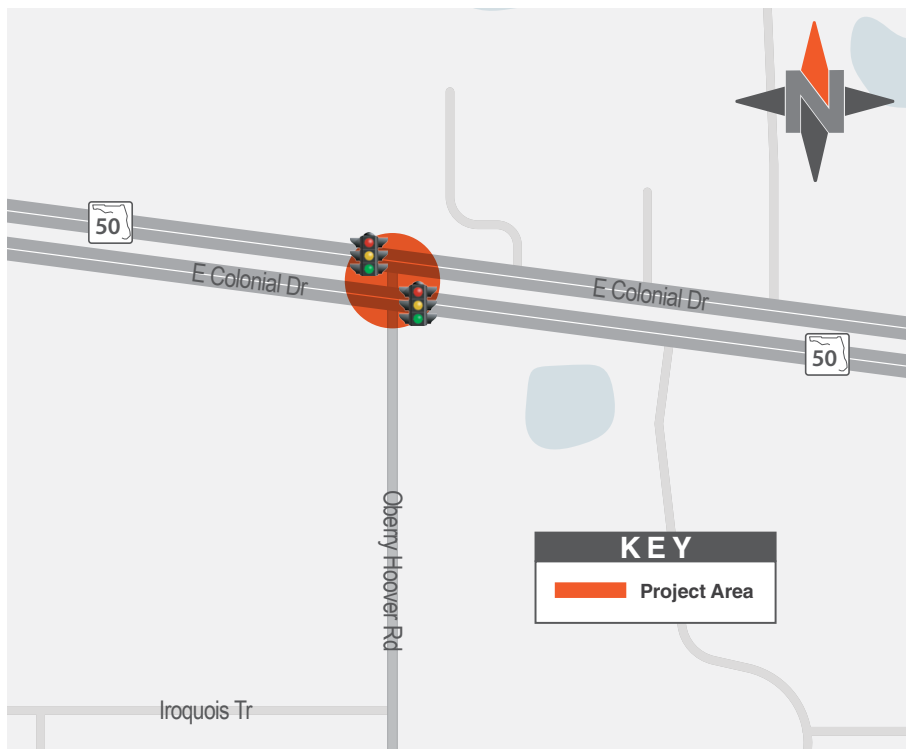

The Florida Department of Transportation (FDOT) is adding traffic signals at the intersection of State Road 50 (East Colonial Drive) at Oberry Hoover Road. In addition, the median will be reconstructed to accommodate two new pedestrian crosswalks and other pedestrian features to comply with current Americans with Disabilities Act (ADA) and FDOT standards.

The modifications will enhance the overall safety and operations at the intersection and facilitate pedestrian crossing activity.

WHAT TO EXPECT

During construction, pedestrians will be safely routed around the sidewalk closures necessary for intersection construction activities. Motorists should expect lane closures between 9 p.m. and 6 a.m. Electronic message boards and other signage will be used to direct traffic through the work zone. Brief nighttime road closures will be necessary to install the new traffic signals.

The level of work activity will vary during different phases of construction. Please note the construction schedule may change due to weather or other unexpected conditions. For the most current project details and lane closure information, make sure to visit FDOT's Central Florida website at www.cflroads.com and enter the 442088-1 and select go in the search bar.

CONTRACTOR

Chinchor Electric, Inc.

PROJECT COST

\$525,000

PROJECT START

July 2021

ESTIMATED COMPLETION

Fall 2021
