### U.S. 441 from Central Avenue (C.R. 437A) to Bradshaw Road

Orange County

Financial Project Identification (FPID) No.: 442905-1

#### Project Description

The Florida Department of Transportation (FDOT) is designing this nearly 1-mile resurfacing project in the City of Apopka, northwest of the downtown core. The purpose of the project is to extend the life of the existing roadway by repaving this segment of U.S. 441 and to improve safety along the corridor. The project plans also include constructing raised concrete islands at the intersections with Lake Avenue, Washington Avenue and Hawthorne Avenue to improve operations and safety.

Other proposed improvements include adding bicycle lanes, sidewalk reconstruction, pedestrian crosswalk improvements, enhanced lighting, reconstructing curb ramps in accordance with the current Americans with Disabilities Act (ADA) standards, and drainage modifications.

#### Project Status and Estimated Costs\*

Design:	Ongoing: Completion summer 2021	\$ 1.1 Million
Right of Way:	Within existing	—
Construction:	To begin early 2022	\$ 2.8 Million
