

INTERSECTION IMPROVEMENTS

U.S. 441 (S.R. 44) at Eudora Road (C.R. 44C)

Lake County

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) will construct improvements at the intersection of U.S. 441 (State Road (S.R.) 44) at Eudora Road (County Road (C.R.) 44C) to enhance pedestrian and motorist safety.

The project will install vertical posts to separate travel lanes and help reduce vehicle conflict points on Eudora Road, south of the U.S. 441 intersection. Please be advised that left turns onto Eudora Road will be limited however the driveways on U.S. 441 (S.R. 44) will continue to allow right turns onto Eudora Road.

Work will also consist of reconstructing the traffic signal, and sidewalk improvements. The intersection will also be resurfaced and upgraded signs and pavement markings will be installed.

WHAT TO EXPECT

During construction, motorists should expect lane closures and detours on weekdays and weekends. Electronic message boards and other signage will be used to direct traffic through the work zone. Uneven pavement is a common condition with projects that require temporary asphalt pavement or resurfacing, as the contractor must put down different layers of asphalt during various phases of construction. Motorists are asked to exercise caution and reduce their speed while driving through the work zone. The construction schedule may change due to weather or other unexpected conditions.

For the most current project details and lane closure information, make sure to visit FDOT's Central Florida Roads website, www.cflroads.com.

Financial Project Identification (FPID) No. 445684-1

CONTRACTOR

Chinchor Electric

PROJECT COST

\$1 Million

PROJECT START

May 2023

ESTIMATED

INSTALLATION COMPLETION

Fall 2023
