

# State Road (S.R.) A1A at W. Cocoa Beach Causeway (S.R. 520) Intersection Improvements

Brevard County

Financial Project Identification No.: 430202-4

## Project Description

The Florida Department of Transportation (FDOT) is making improvements to State Road (S.R.) A1A in the City of Cocoa Beach. At the intersection of S.R. A1A and West Cocoa Beach Causeway (S.R. 520), drivers can expect the reconstruction of the continuous right turn lanes on the southwest, northwest, and northeast corners. The continuous turn lanes will be replaced with traditional turn lanes.

In addition, the eastbound lanes of West Cocoa Beach Causeway will be re-aligned to match the newly configured intersection. There will also be an extension of both northbound S.R. A1A, dual left turn lanes and the left turn lane at the intersection of S.R. A1A and Marion Lane at Canaveral Plaza.

## What to Expect

Along S.R. A1A and West Cocoa Beach Causeway, single lane closures may occur between 10 p.m. and 7 a.m. Once the three continuous right turn lanes are closed, they will remain closed. Electronic message boards and other signage will be used to alert motorists to upcoming closures, and to safely direct road users around work. Access to businesses and/or residences will be maintained.

Motorists are advised to slow down and use extra caution while driving through the construction zone. Safety doesn't happen by accident. Please note the schedule may change due to weather or other unexpected conditions.

## Fast Facts

### Contractor:

Masci General Contractors, Inc.

### Project Cost:

\$2.2 Million

### Project Start:

Summer 2019

### Estimated Completion:

Summer 2020
