

State Road 25/U.S. 27 from O'Brien Road to Arlington Ridge Boulevard

Lake County

Financial Project Identification No.: 437327-1

Project Description

The Florida Department of Transportation (FDOT) is milling and resurfacing State Road 25/U.S. 27 from O'Brien Road in Groveland to Arlington Ridge Boulevard (south of County Road 48) in Leesburg. Additional improvements include updating signs and drainage features along the corridor.

This project will also address operational and safety concerns at U.S. 27 and Highland Lakes Boulevard by changing the full median opening to a southbound directional opening. Southbound left turns onto Highland Lakes Boulevard and northbound right turns out of Highland Lakes will still be allowed; however, southbound left turns will be eliminated. To compensate for the access change, a designated northbound directional median opening for U-turns will be constructed just north of this intersection.

Lane Closures

Please expect both nighttime and daytime lane closures. Electronic message boards and other signage will be used to help alert traffic to upcoming closures. Access to businesses and/or residences will be maintained.

Motorists are advised to slow down and use extra caution while driving through the construction zone.

Fast Facts

Contractor:

C.W. Roberts Constructing, Inc.

Project Cost:

\$7.6 million

Project Length:

8 miles

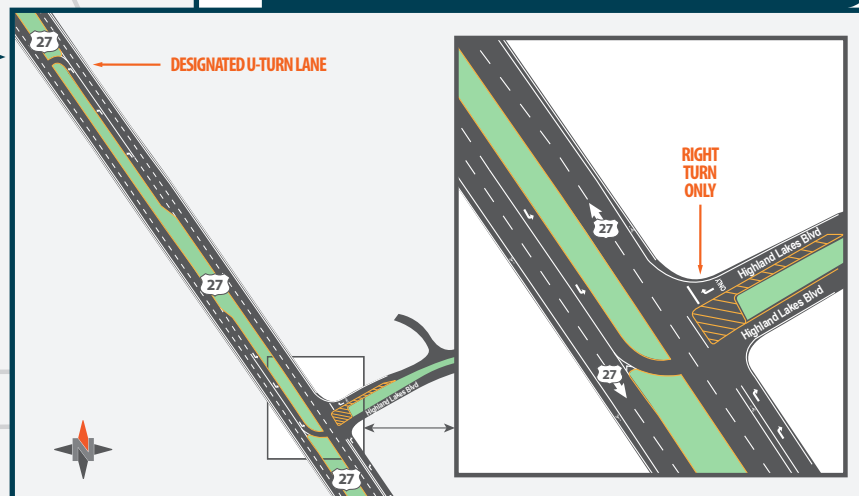

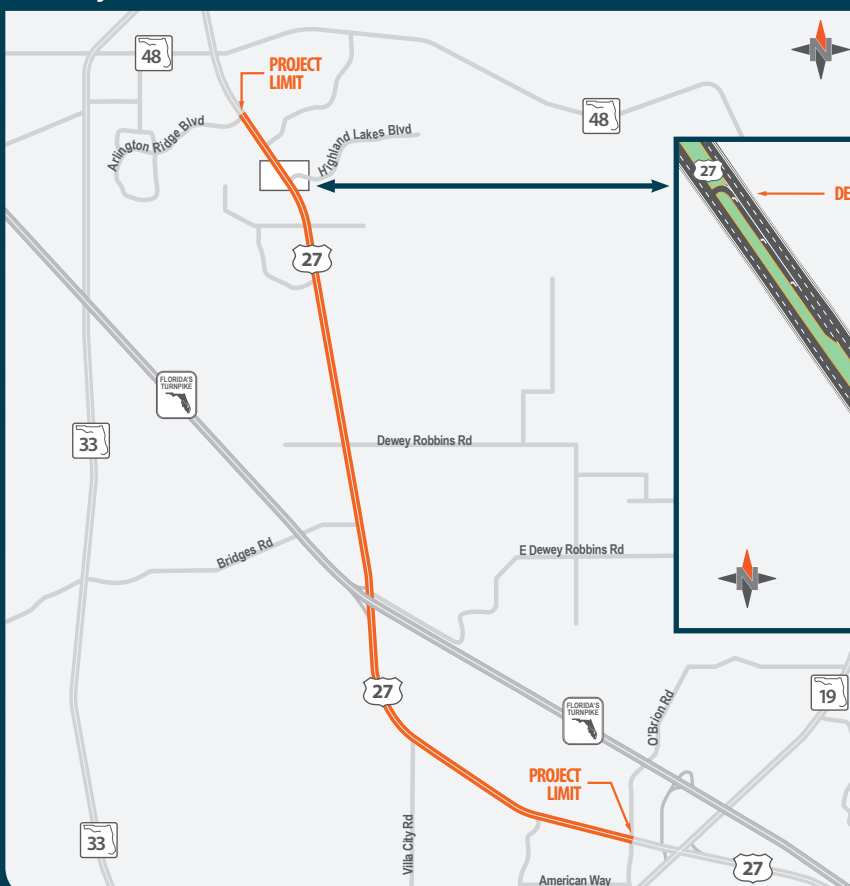

Project Start:

January 2019

Estimated Completion:

Early 2020
