

# BRIDGE DECK AND JOINT REHABILITATION

**Financial Project  
Identification No.:**  
443267-1

**S.R. 44 over U.S. 1**

**Volusia County**

## PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) will be making improvements to the State Road (S.R.) 44 bridge over U.S. 1. Work includes concrete repair, joint rehabilitation, and applying a type of coating called an epoxy overlay to the bridge deck. The epoxy overlay seals the concrete surface, which helps to prolong the life of the bridge. The overlay also increases friction on the traveling surface, making it safer for motorists.

## WHAT TO EXPECT

The work will take place between 9 p.m. - 7 a.m., and the contractor will utilize single and double lane closures. Updates can also be found on FDOT's Central Florida website [www.cflroads.com](http://www.cflroads.com)

## AT A GLANCE:

### CONTRACTOR:

RAM Construction Services of Michigan, Inc.

### PROJECT COST:

\$294,000

### PROJECT START:

March 2020

### ESTIMATED COMPLETION:

Late Spring 2020
