

ROADWAY IMPROVEMENTS

Northbound U.S. 1 from north of Rocky Point Road to Malabar Road (S.R. 514)

Brevard County

Financial Project Identification (FPID)

No.: 447092-1

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is milling and resurfacing northbound U.S. 1 (Indian River Lagoon National Scenic Byway) from north of Rocky Point Road to Malabar Road (State Road 514) in Brevard County to extend the life of the roadway.

The proposed improvements would mill and resurface the northbound travel lanes and shoulders within the project limits. This project also includes adding 6-foot-wide sidewalk on the west side of U.S. 1 beginning south of Orange Avenue.

WHAT TO EXPECT

Motorists should expect lane closures throughout construction. Electronic message boards and other signage will be used to alert motorists of traffic changes. Uneven pavement is a common, unavoidable roadway condition with projects that require resurfacing, as the contractor must place different layers of asphalt during various phases of construction. Road conditions during construction will become less apparent as the project progresses. Pedestrian detours will be placed in areas where the sidewalk is inaccessible during construction. Motorists and pedestrians are asked to exercise caution and reduce their speed while driving through the work zone.

The construction schedule may change due to weather or other unexpected conditions. For the most current project details and lane closure information, make sure to visit the project page on FDOT's Central Florida Roads website, www.cflroads.com.

CONTRACTOR
VA Paving, Inc.

PROJECT COST
\$3.2 Million

PROJECT START
January 2024

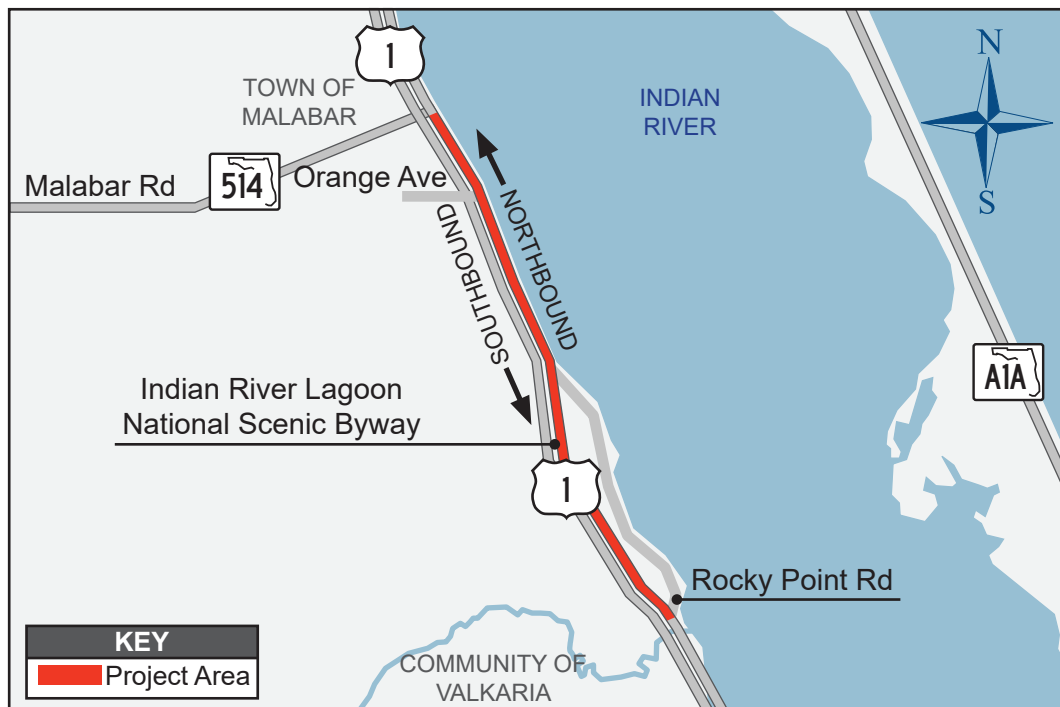

ESTIMATED COMPLETION
Fall 2025
