

State Road 40 Widening

From east of County Road (C.R.) 314A to SE 183rd Avenue Road (Levy Hammock Road)

Marion County

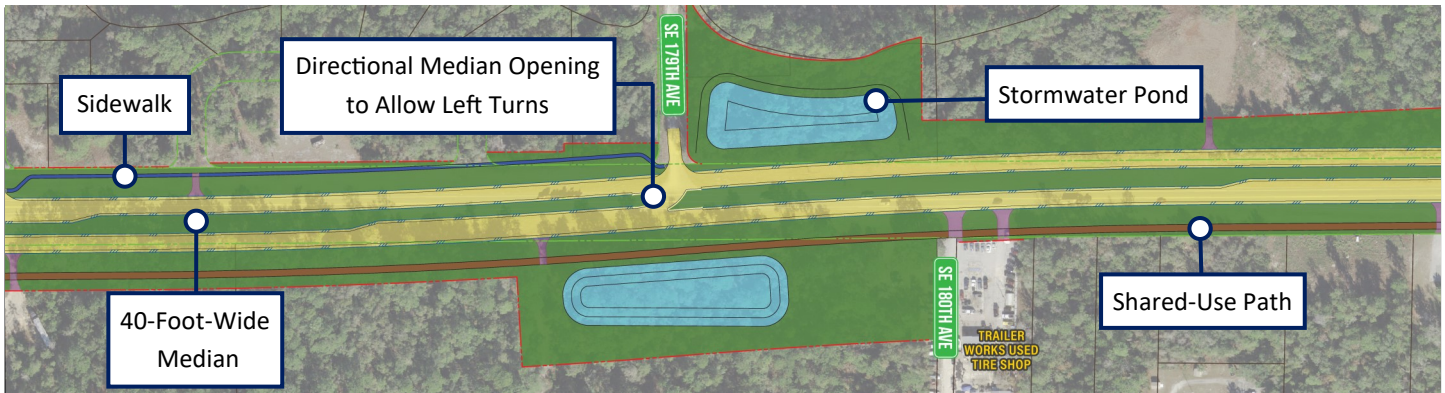

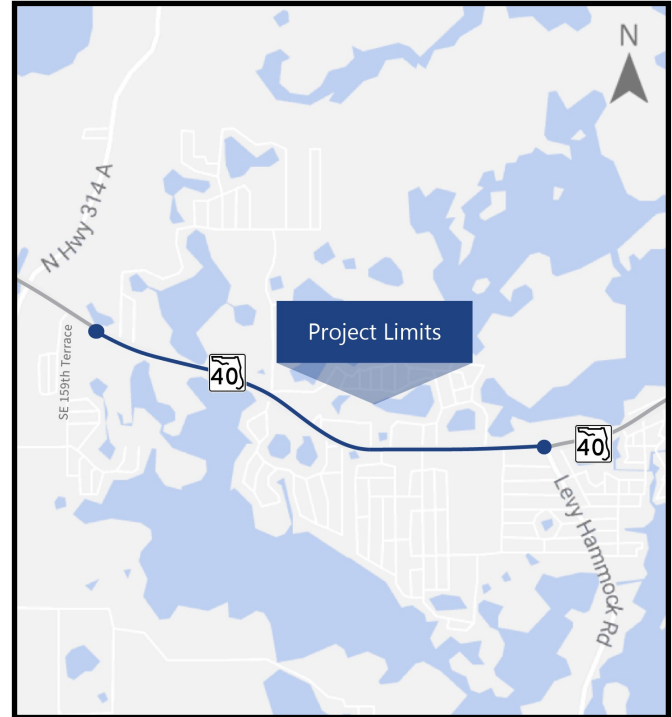

Financial Project Identification (FPID) Number: 410674-4

Project Description

The Florida Department of Transportation (FDOT) is proposing improvements on State Road (S.R.) 40 from east of C.R. 314A to SE 183rd Avenue Road (Levy Hammock Road) near Silver Springs. The 2.65-mile project recommends improvements to enhance safety and improve operations along the corridor.

The project plans to reconstruct the roadway to provide two travel lanes in each direction separated by a grassed median. Recommended improvements include dedicated left turns with median openings throughout the project corridor, milling and resurfacing the roadway to extend the life of the corridor, as well as stormwater ponds and swales to collect stormwater runoff.

Additional pedestrian and bicycle safety measures include inside and outside shoulders, a new sidewalk on the north side of the roadway and a new shared-use path on the south side of the roadway.
