

SAFETY IMPROVEMENTS

S.R. 15A from South Woodland Boulevard to South Adelle Avenue

Volusia County

**Financial Project
Identification Nos.:**

441414-1 &
438968-2

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) will be constructing safety improvements on S.R. (State Road) 15A (East Taylor Road). This will involve installing directional medians that restrict left turns out of some local roads and/or driveways onto S.R. 15A. These modifications are intended to improve safety by reducing the number of conflict points for drivers. Locations for U-turns will be enhanced on S.R. 15A between South Woodland Boulevard (U.S. 17-92) and South Adelle Avenue.

Work also includes adding a traffic signal at South Clara Avenue, additional pedestrian improvements, and resurfacing S.R. 15A within the project limits. Medians will be raised at S.R. 15A and South Woodland Boulevard to enhance pedestrian safety and increased efficiency for right turn traffic from eastbound S.R. 15A to southbound South Woodland Boulevard.

WHAT TO EXPECT

This project will require single lane closures on eastbound and westbound S.R. 15A. Lane closures will happen during daytime and nighttime hours. Electronic message boards and other signage will be used to alert motorists of closures. Updates can be found on the Florida Department of Transportation's Central Florida website, www.CFLRoads.com.

CONTRACTOR

Halifax Paving, Inc.

PROJECT COST

\$2.9 Million

PROJECT START

Fall 2020

ESTIMATED COMPLETION

Late 2021
