

ROADWAY RESURFACING

S.R. 44 from Riverside Drive to DeSoto Drive

Volusia County

Financial Project
Identification
(FPID) No.:
447086-1

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is making roadway improvements to Canal Street (U.S. 44 Business Connector) and the North Causeway (State Road (S.R.) 44) in New Smyrna Beach.

As part of these improvements, approximately 0.142 miles of Canal Street will be resurfaced from the S.R. 44 (Lytle Avenue) junction east. The second segment will resurface the North Causeway from North Riverside Drive to DeSoto Drive. The purpose of this project is to rehabilitate the pavement and extend the roadway's service life.

In addition, FDOT will upgrade pedestrian curb ramps, as needed, to meet current Americans with Disabilities Act (ADA) standards, and improve roadway signage and pavement markings throughout the corridor.

WHAT TO EXPECT

During construction, motorists should expect nightly lane closures between 9 p.m. and 7 a.m. on Canal Street, as well as intermittent daytime and nighttime lane closures on S.R. 44 (N Causeway and Lytle Avenue). Temporary detours can be expected on Canal Street. Pedestrians should also expect detours at some crosswalk and sidewalk locations during curb ramp improvements.

Drivers are encouraged to follow posted signage, avoid distractions, and use caution while traveling through the construction zone. Please note that the construction schedule is subject to change due to inclement weather or other unforeseen circumstances. For the most current project details and lane-closure information, please visit FDOT's Central Florida website at www.cflroads.com.

CONTRACTOR

CWR Contracting, Inc.

PROJECT COST

\$1.3 million

PROJECT START

April 2026

ESTIMATED COMPLETION

Summer 2026
