

RESURFACING & SAFETY IMPROVEMENTS

Financial Project
Identification
(FPID) No.:
450642-1

S.R. 44 from I-95 to east of South Walker Drive

Volusia County

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is improving safety and operations along 2.5 miles of State Road (S.R.) 44 from just west of Interstate 95 (I-95) to east of South Walker Drive in New Smyrna Beach.

Improvements include resurfacing the roadway, adding street lighting along the corridor, minor drainage improvements, and the addition of sidewalks and curb ramps to comply with current Americans with Disabilities Act (ADA) standards. Street lighting and traffic signal improvements will also be completed at the intersections of S.R. 44 and I-95, Colony Park Road, and South Glencoe Road.

In addition, the Volusia-Flagler Transportation Planning Organization (TPO) is funding the construction of a new 12-foot-wide multi-use trail on the north side of S.R. 44 from Memorial Medical Parkway to the Walmart shopping plaza east of Williamson Boulevard.

WHAT TO EXPECT

During construction, motorists can expect intermittent lane closures between 6:30 p.m. and 7:30 a.m., with crews working both during the day and overnight. Ramp closures with detours will be necessary between 8:30 p.m. to 6:30 a.m. at the S.R. 44/I-95 interchanges for paving operations.

Additionally, some driveways will be reconstructed. FDOT staff will coordinate with owners of impacted driveways prior to each closure.

Motorists are reminded to use caution, obey all posted signage, and be prepared for potential delays throughout the project corridor.

The level of activity and noise will vary during different phases of construction.

Motorists should anticipate areas of uneven pavement within the project limits, a common condition during construction when the contractor applies multiple asphalt layers in phases. Many of these roadway conditions are short-term and will gradually improve as the project progresses.

The construction schedule may be subject to change due to inclement weather or other unforeseen circumstances. For the most current project details and lane closure information, please visit FDOT's Central Florida website at www.cflroads.com.

CONTRACTOR

Masci General Contractors, Inc.

PROJECT COST

\$8.7 million

PROJECT START

July 2026

ESTIMATED COMPLETION

Spring 2027
