

ROADWAY RESURFACING

Nova Road (S.R. 5A) from U.S. 1 to Herbert Street

Volusia County

**Financial Project
Identification
(FPID) No.:**
450643-1

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is milling and repaving Nova Road (State Road (S.R.) 5A) from U.S. 1 to Herbert Street in Port Orange. This process helps maintain a reliable asphalt surface while extending the service life of the roadway.

This project includes the reconstruction of curb ramps and the addition of new detectable warning panels. These panels help warn pedestrians, especially the visually impaired, of an upcoming transition from the sidewalk to the roadway. These upgrades meet the latest Americans with Disabilities Act (ADA) standards.

WHAT TO EXPECT

During construction, motorists should expect nightly single-lane closures between 8 p.m. and 6 a.m. on northbound and southbound Nova Road and Spruce Creek Road. Motorists can also expect nightly single- and double-lane closures between 8:30 p.m. and 6:30 a.m. on eastbound and westbound Dunlawton Avenue at Nova Road. Pedestrians should also expect detours at some crosswalk and sidewalk locations during curb ramp work.

Motorists are encouraged to use caution, obey all posted signage, and be prepared for potential delays throughout the project corridor.

The level of activity and noise will vary during different phases of construction. Motorists should anticipate areas of uneven pavement within the project limits, a common condition during construction when the contractor applies multiple asphalt layers in phases. These roadway conditions are temporary and will improve as the project progresses.

The construction schedule is subject to change due to inclement weather or other unforeseen circumstances. For the most current project details and lane closure information, please visit FDOT's Central Florida website at www.cflroads.com.

CONTRACTOR

Masci General Contractors, Inc.

PROJECT COST

\$4.2 million

PROJECT START

September 2026

ESTIMATED COMPLETION

Early 2027
