S.R. 15A Resurfacing

From North of Adelle Avenue to South of Volusia Avenue

Volusia County

Financial Project Identification (FPID) No.: 452647-1

Project Description

The Florida Department of Transportation (FDOT) plans to resurface a segment of State Road (S.R.) 15A from north of Adelle Avenue to south of West Volusia Avenue in DeLand.

The purpose of this project is to replace the asphalt to maintain a safe and reliable driving surface.

In addition to repaving the road, a pedestrian refuge island and enhanced school zone signs will be added at the West New Hampshire Avenue intersection to increase safety. FDOT will also evaluate and update existing curb ramps to comply with current Americans with Disabilities Act (ADA) standards, where necessary, as well as update signing and pavement markings along the project corridor.
