

ROADWAY WIDENING & SAFETY IMPROVEMENTS

Financial Project
Identification
(FPID) No.:
426905-4

Ellis Road from west of John Rodes Boulevard to west of Wickham Road

Brevard County

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is widening and reconstructing approximately 1.83 miles of Ellis Road from west of John Rodes Boulevard to west of Wickham Road. The project will increase the roadway's capacity by widening Ellis Road from two lanes to four lanes, providing two travel lanes in each direction separated by a raised median.

Several safety improvements will also be implemented along the corridor, including the construction of 6-foot-wide sidewalks and 7-foot buffered bicycle lanes, as well as the installation of new traffic signals at East Drive, Distribution Drive/Technology Drive West, and Technology Drive East.

Additional work includes drainage improvements, pond construction, utility work, and retaining wall construction.

The project is being completed through a partnership with Brevard County, the cities of Melbourne and West Melbourne, the Space Coast Transportation Planning Organization (SCTPO), and Melbourne International Airport.

WHAT TO EXPECT

During construction, motorists can expect intermittent lane closures on Ellis Road between 8:30 a.m. and 4 p.m., and between 7:30 p.m. and 6:30 a.m. The posted speed limit along Ellis Road will be maintained throughout construction. Motorists are advised to proceed with caution when traveling the corridor.

Electronic message boards and other signage will direct traffic through the work zone. Levels of work activity and noise will vary during different construction phases.

Please note that the construction schedule may change due to inclement weather or other unforeseen circumstances. For the most current project details and lane closure information, please visit FDOT's Central Florida website at www.cflroads.com.

CONTRACTOR

Masci General Contractor, Inc.

PROJECT COST

\$31 million

PROJECT START

November 2026

ESTIMATED COMPLETION

Spring 2029
