

RECONSTRUCTION OF THE DALLAS POND

South of County Road (C.R.) 42 on U.S. 301 (State Road (S.R.) 35)

Marion County

**Financial Project

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) will reconstruct the Dallas Pond just south of County Road (C.R.) 42 on U.S. 301 (State Road (S.R.) 35) in Marion County.

Work will consist enlarging the existing pond and incorporating new pipe installations to comply with water quality treatment standards.

Other improvements include the extension of the outfall, and acquisition of drainage easements for future maintenance operations.

WHAT TO EXPECT

The construction site will be off the roadway; motorists should expect minimal impacts.

Some residential driveways might be impacted but will not be closed and owners will be notified beforehand.

Motorists are asked to exercise caution and reduce their speed while driving by a construction work zone.

The construction schedule may change due to weather or other unexpected conditions. For the most current project details and lane closure information, visit FDOT's Central Florida Roads website, www.cflroads.com.
