

INTERSECTION RESURFACING AND IMPROVEMENTS

U.S. 192/S.R. 500 at McClain Drive Intersection

Brevard County

**Financial Project Identification
(FPID) No.: 439130-1**

CONTRACTOR

Carr Construction, LLC

PROJECT COST

\$680 thousand

PROJECT START

October 2022

ESTIMATED COMPLETION

Early 2023

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) will be improving safety and traffic operations on State Road (S.R.) 500/ U.S. 192 at the McClain Drive Intersection. FDOT aims to extend the service life of the roadway by resurfacing the intersection on S.R. 500/ U.S. 192 in Brevard County. This resurfacing and rehabilitation project will include updating mast arms, pedestrian curbs, and pavement markings along the roadway. This project will improve roadway conditions for motorists, help enhance drivability in the area, and ensure roadway longevity.

WHAT TO EXPECT

Motorists should expect lane closures throughout construction. Electronic message boards and other signage will be used to alert motorists of traffic changes. Uneven pavement is a common, unavoidable roadway condition with projects that require resurfacing, as the contractor must place different layers of asphalt during various phases of construction. Road conditions during construction will become less apparent as the project progresses. Motorists are asked to exercise caution and reduce their speed while driving through the work zone.

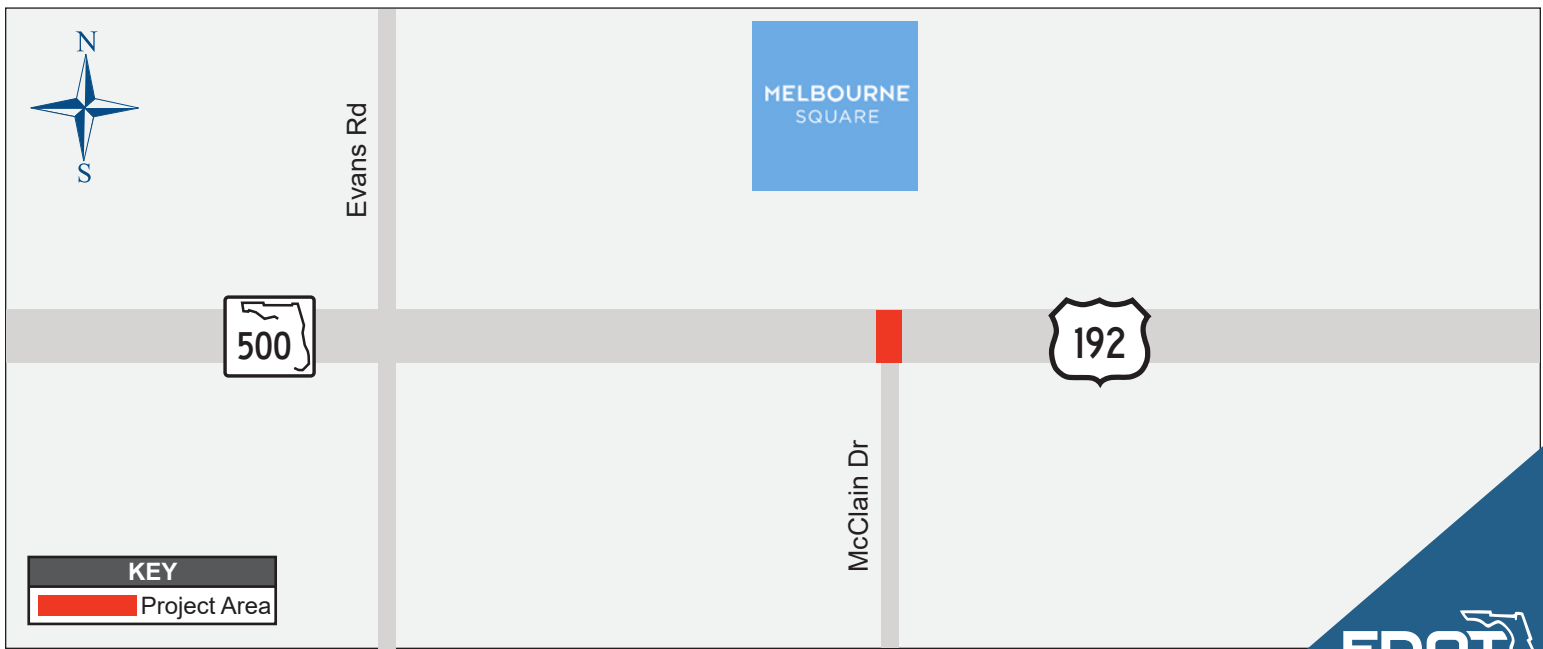

The construction schedule may change due to weather or other unexpected conditions. For the most current project details and lane closure information, make sure to visit the project page on FDOT's Central Florida website, www.cflroads.com.
