

ROADWAY RESURFACING

Financial Project
Identification
(FPID) No.:
441137-1

State Road 44 from Bottle Brush Court to U.S. 27 in Leesburg

Lake County

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is resurfacing State Road 44 in Leesburg from Bottle Brush Court to U.S. 27 (Northwest 14th Street), a distance of about 1.1 miles. The work will include sidewalk replacement in some places and curb ramp improvements to comply with Americans with Disabilities Act requirements.

WHAT TO EXPECT

During construction, motorists can expect frequent single-lane closures during nighttime hours. Signage and traffic control devices will direct drivers through the remaining open lanes during these closures. Uneven pavement is a common, unavoidable roadway condition with resurfacing projects as the contractor must put down different layers of asphalt during various phases of construction. Rough road conditions during construction are short-term and will become less apparent as the project progresses. Motorists are asked to exercise caution while driving through the work zone.

The contractor will maintain access to sidewalks, businesses and residences during construction. The construction schedule may change due to weather or other unexpected conditions. Please be advised that it is the property owner's responsibility to remove or relocate any privately owned irrigation, landscaping, decorations, and/or fencing within FDOT right of way before the start of construction. FDOT reserves the right to cut and cap any irrigation and remove any items in the right of way that conflict with the planned work. If there are questions about whether you may have items within the right of way, please contact **Community Outreach Coordinator Lynette Cruz** at 352-359-7059 or Lynette.Cruz@dot.state.fl.us. For project updates, visit the FDOT's Central Florida website, www.cflroads.com.

CONTRACTOR

Hubbard Construction Co.

PROJECT COST

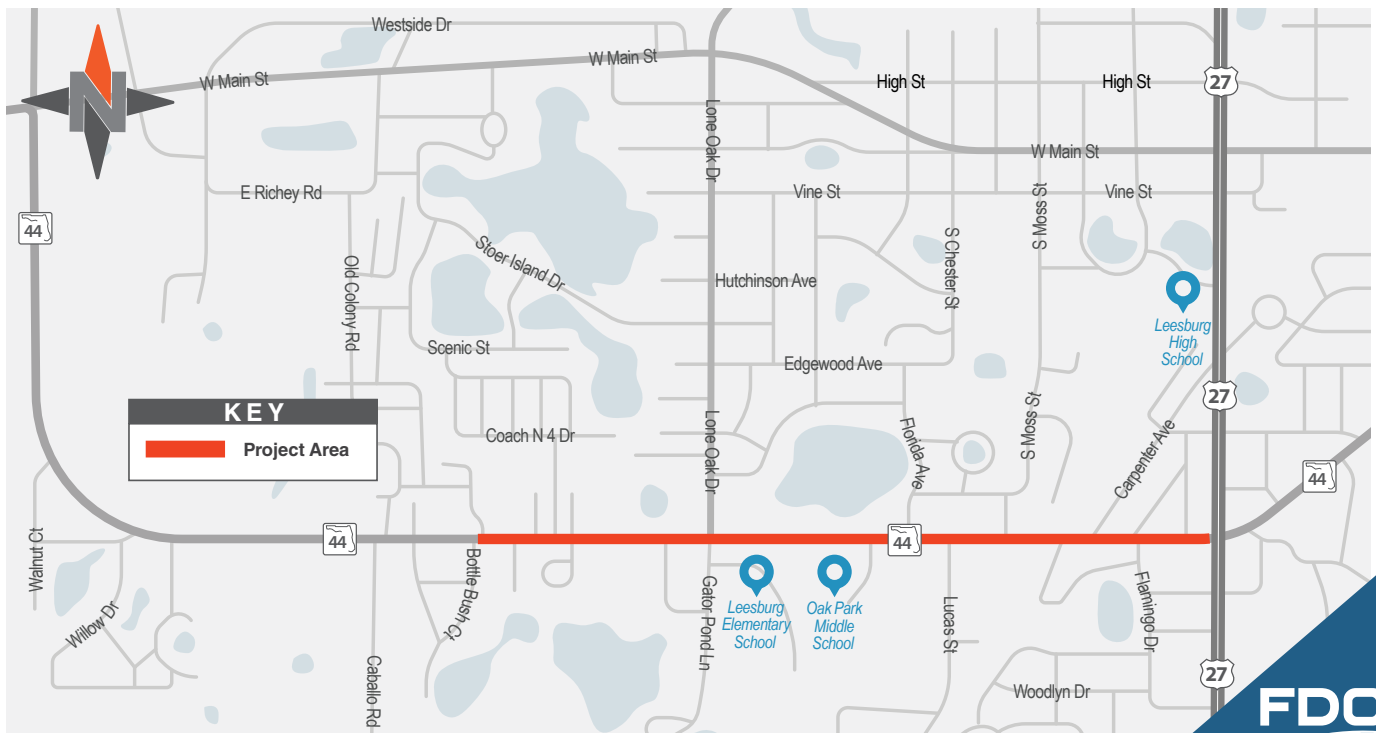

\$1.9 million

PROJECT START

Summer 2021

ESTIMATED COMPLETION

Fall 2021
