

RESURFACING AND ROADWAY IMPROVEMENTS

S.R. 436 from Northlake Boulevard (Cranes Roost Boulevard) to Boston Avenue

Seminole County

**Financial Project Identification
(FPID) No.: 441140-1**

PROJECT DESCRIPTION

The purpose of the project is to resurface State Road (S.R.) 436 from Northlake Boulevard/Cranes Roost Boulevard to Boston Avenue. Additional work includes sidewalk additions and reconstruction, curb ramps reconstruction, drainage improvements, signing and pavement markings, bicycle keyhole additions, traffic signal upgrades, and pedestrian lighting improvements. A keyhole lane is a bicycle lane that is placed between a through lane and the adjacent right turn lane, bus bay, or parking lane. The City of Altamonte Springs prepared the design plans and FDOT will be constructing the project.

WHAT TO EXPECT

During construction, motorists can expect frequent single lane closures during nighttime hours. Signage and traffic control devices will direct drivers through the remaining open lanes during these closures. Motorists are asked to exercise caution while driving through the construction zone.

The contractor will maintain access to sidewalks, businesses, and residences during construction. The construction schedule may change due to weather or other unexpected conditions. For project updates, visit the FDOT's Central Florida Roads website, www.cflroads.com.

CONTRACTOR

Masci General Contractor, Inc.

PROJECT COST

\$13 Million

PROJECT START

June 2023

ESTIMATED COMPLETION

Summer 2024
