

ROADWAY IMPROVEMENTS

S.R. 527 (S. Orange Avenue) from Grant Street to Gore Street

Orange County

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) will resurface South Orange Avenue (State Road 527) from Grant Street to Gore Street to improve safety, and driver experience. Other features of this project include upgraded curb lines for better on-street parking and installation of center-lane traffic separators, pedestrian lighting, and decorative sidewalk and crosswalk features in conjunction with the Pulse Memorial located on S Orange Avenue.

WHAT TO EXPECT

During construction, motorists should expect daytime and nighttime lane closures and detours on weekdays and weekends. Electronic message boards and other signage will be used to direct traffic through the work zone. Road conditions during construction will become less apparent as the project progresses. Motorists are asked to exercise caution and reduce their speed while driving through the work zone. Due to construction, there might be some noise around the area.

The contractor will maintain pedestrian access to sidewalks during construction using signed detours, traffic control devices, and/or temporary walkways and ramps, when appropriate. The construction schedule may change due to weather, special events, and other unexpected conditions. For the most current project details, visit the project pages on FDOT's Central Florida Roads website, www.cflroads.com.

Financial Project Identification
(FPID) No.: 441145-1

CONTRACTOR
Hubbard Construction Company

PROJECT COST
\$9 Million

PROJECT START
January 2024

ESTIMATED COMPLETION
Spring 2025
