

INTERSECTION IMPROVEMENTS

Financial Project
Identification Nos.:
442087-1

State Road 552 (Curry Ford Road) at Fredrica Drive

Orange County

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is adding traffic signals and reconstructing the intersection of Curry Ford Road and Fredrica Drive in Orlando. The new signals will be a mast arm system where traffic signal heads are mounted on a rigid arm that extends over the roadway.

The project will also add a new eastbound left turn lane and extend the existing westbound left turn lane to increase vehicle capacity. Driveways on the north side of Curry Ford Road will be reconstructed; however, access to any affected businesses/residences will be maintained. Additionally, new curb ramps will be constructed along with improvements to the existing curb ramps.

WHAT TO EXPECT

During construction, motorists should expect lane closures between 10 p.m. and 6 a.m. Electronic message boards and other signage will be used to direct traffic through the work zone.

Motorists are asked to use extra caution while driving through the work zone. Road conditions during construction are short-term and will become less apparent as the project progresses. The contractor will maintain pedestrian access to sidewalks during construction using signed detours, traffic control devices, and/or temporary walkways and ramps, when appropriate.

Please be advised it is the property owner's responsibility to remove or relocate any privately owned irrigation, landscaping, decorations, and/or fencing within FDOT right of way before the start of construction. FDOT reserves the right to cut and cap any irrigation and remove any items that conflict with the planned work in the right of way. If there are questions about whether you may have items within the right of way, please contact the phone number or email address to the right.

The construction schedule could change due to weather or other unexpected conditions. For the most current project details and lane closure information, make sure to visit FDOT's Central Florida website, www.cflroads.com.

CONTRACTOR
ACCE JV

PROJECT COST
\$876,000

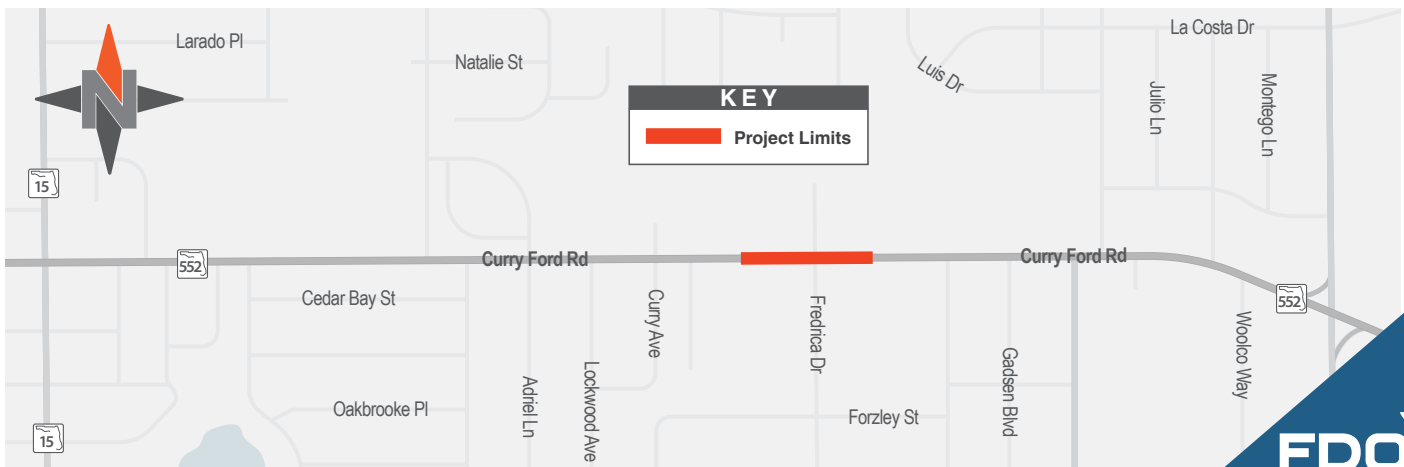

PROJECT START
June 2021

ESTIMATED COMPLETION
Summer 2021
