

ROADWAY RESURFACING

Orange Blossom Trail (S.R. 500/U.S. 441) from Central Avenue to north of Bradshaw Road

Orange County

**Financial Project Identification
(FPID) No.: 442905-1**

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is resurfacing Orange Blossom Trail (State Road (S.R.) 500/U.S. 441), from Central Avenue to north of Bradshaw Road. Improvements will also include the addition of bicycle lanes, curb reconstruction, and drainage repair. Raised medians will also be constructed along U.S. 441 at the intersections of Lake Avenue/3rd Street, Washington Avenue/2nd Street, and Hawthorne Avenue/1st Street to restrict the left-turn movements that are currently prohibited.

WHAT TO EXPECT

Motorists should expect periodic overnight lane closures during the week. Electronic message boards and other signage will direct traffic through the work zone.

Uneven pavement is a common roadway condition with resurfacing projects as the contractor must put down different layers of asphalt during various construction phases. Motorists are asked to use extra caution while driving through the work zone. Road conditions during construction are short-term and will become less apparent as the project progresses.

Please be advised it is the property owner's responsibility to remove or relocate any privately-owned irrigation, landscaping, decorations, and/or fencing within FDOT right of way property before the start of construction. If there are questions about whether you may have items within the right of way, please contact the Community Outreach Coordinator at 407-278-2713.

The construction schedule could change due to weather or other unexpected conditions. For the most current project details and lane closure information, make sure to visit the project pages on FDOT's Central Florida Roads website, www.cflroads.com.

CONTRACTOR

Hubbard Construction Company

PROJECT COST

\$3 Million

PROJECT START

Summer 2022

ESTIMATED COMPLETION

Summer 2023
