

# Beville Road (S.R. 400) Resurfacing From Williamson Blvd. to East of Forest Lake Blvd.

## Volusia County

Financial Project Identification (FPID) No.: 442906-1

### Project Description

The Florida Department of Transportation (FDOT) is designing roadway improvements along Beville Road (State Road (S.R.) 400) from Williamson Boulevard to east of Forest Lake Boulevard in the City of Daytona Beach. The purpose of this project is to extend the life of the existing roadway by repaving this segment of Beville Road and to enhance safety and operations along the corridor.

The project includes adding new crosswalks and pedestrian improvements at the Beville Road signalized intersections at Williamson Boulevard and Pelican Bay Drive (east). The pedestrian improvements include upgrading sidewalk curb ramps in accordance with current Americans with Disabilities Act (ADA) standards. Operational improvements include lengthening the left turn lanes on westbound Beville Road at Williamson Boulevard to provide additional space for vehicles, as well as making necessary drainage modifications. All improvements are expected to be completed within the existing right of way.

### Project Status and Estimated Costs\*

Design:	Ongoing: completion early 2022	\$ 470,000
Right of Way:	Within existing	—
Construction:	Expected to begin fall 2022	\$ 2.9 Million

\* subject to change
