 Virtual Hearing: [See Information Below](#)

Florida Department of Transportation (FDOT), is holding a public hearing regarding the International Speedway Boulevard (U.S. 92) resurfacing design project from east of North Alabama Avenue to east of North Kepler Road. The Department is offering two ways for the community to participate in the hearing. Interested persons may join the Virtual Public Hearing (VPH) from a computer, tablet or phone. Or they may participate in person by going to the FDOT DeLand Maintenance Office, Sailfish Conference Room, at 1650 North Kepler Road, DeLand, FL 32724. All participants, regardless of platform they choose, will participate in the same live hearing.

A VPH is a free live presentation or webinar over the internet. If you wish to participate in the VPH online from a computer, tablet or mobile device, registration is required in advance by going to: <https://attendee.gotowebinar.com/register/9139999778305569295>. Once registered, participants will receive a confirmation email containing information about joining the hearing online. At this time, Internet Explorer is not supported by GoToWebinar and the link for the meeting will not work on this platform. Please use an alternate web browser to register and attend the meeting. For participants who are unable to attend the webinar, they can listen to the hearing by calling 1-866-952-8437 and entering the passcode 432-987-499 when prompted. Please note, while the call-in number is listen-only, callers may submit comments directly to the project manager by using the contact information listed below.

For those who choose to participate in person, the Department requests advance registration to ensure all attendees are accommodated safely and according to social distancing guidelines. Attendees will be asked to follow all safety and sanitation guidelines as well as adhere to any local ordinances. To register for the in-person option, please contact FDOT Project Manager Heidi Trivett, by phone at 386-943-5466, or via email at Heidi.Trivett@dot.state.fl.us. Attendees who are not feeling well should not attend the in-person hearing.

PROPOSED IMPROVEMENTS

The purpose of the project is to rehabilitate the existing pavement and provide safety enhancements including turn lane extensions, which will necessitate closing the median opening at Calle Alto Vista on International Speedway Boulevard east of North Kepler Road. Other safety improvements include Americans with Disabilities Act (ADA) enhancements, intersection lighting and signalization upgrades. The public hearing is being held to present information and obtain public input.

PROJECT SCHEDULE AND COSTS
