

ROADWAY RESURFACING

International Speedway Boulevard (U.S. 92/S.R. 600) from Alabama Avenue to east of N Kepler Road

Volusia County

**Financial Project
Identification
(FPID) No.:**
443433-1

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) will resurface the eastbound travel lanes of International Speedway Boulevard (U.S. 92/State Road (S.R.) 600) from Alabama Avenue to east of North Kepler Road and implement additional safety improvements.

Improvements include widening and extending the left turn lanes on eastbound and westbound International Speedway Boulevard at the Amelia Avenue and North Kepler Road intersections. The eastbound right turn lane onto Garfield Avenue will also be widened and extended. Additional work includes the construction of a new eastbound and a new westbound left turn lane east of North Kepler Road. These enhancements provide more room for motorists to turn on the roadway, which improves safety, mobility, and efficiency.

Safety improvements also include sidewalk construction along eastbound International Speedway Boulevard from Alabama Avenue to Garfield Avenue, paved shoulder construction, pedestrian curb ramp upgrades to meet Americans with Disabilities Act (ADA) standards, traffic signal upgrades, enhanced intersection lighting, minor drainage upgrades, and installation of concrete bus pads at bus stops.

WHAT TO EXPECT

Motorists should expect intermittent single lane closures on eastbound and westbound International Speedway Boulevard during construction. Electronic message boards and other signage will be used to alert motorists of closures.

Uneven pavement is a common, unavoidable roadway condition with projects that require resurfacing as the contractor must place different layers of asphalt during various phases of construction. Motorists are asked to exercise caution and reduce their speed while driving through the work zone. The contractor will maintain pedestrian access to sidewalks during construction using signed detours, traffic control devices, and/or temporary walkways and ramps, when appropriate.

The construction schedule may change due to weather or other unforeseen circumstances. For the most current project details and lane closure information, make sure to visit the project page on FDOT's Central Florida Roads website, www.cflroads.com.

CONTRACTOR

Masci General Contractors, Inc.

PROJECT COST

\$5.3 Million

PROJECT START

March 2022

ESTIMATED COMPLETION

Spring 2023
