

Financial Project
Identification Number:
443813-1

U.S. 1 Resurfacing from Brevard County Line to South Street

Design Began: December 2019

Initial Plans: July 2020

Final Plans: November 2020

Construction to begin: Fall 2021

Estimated Cost: \$8.1 million

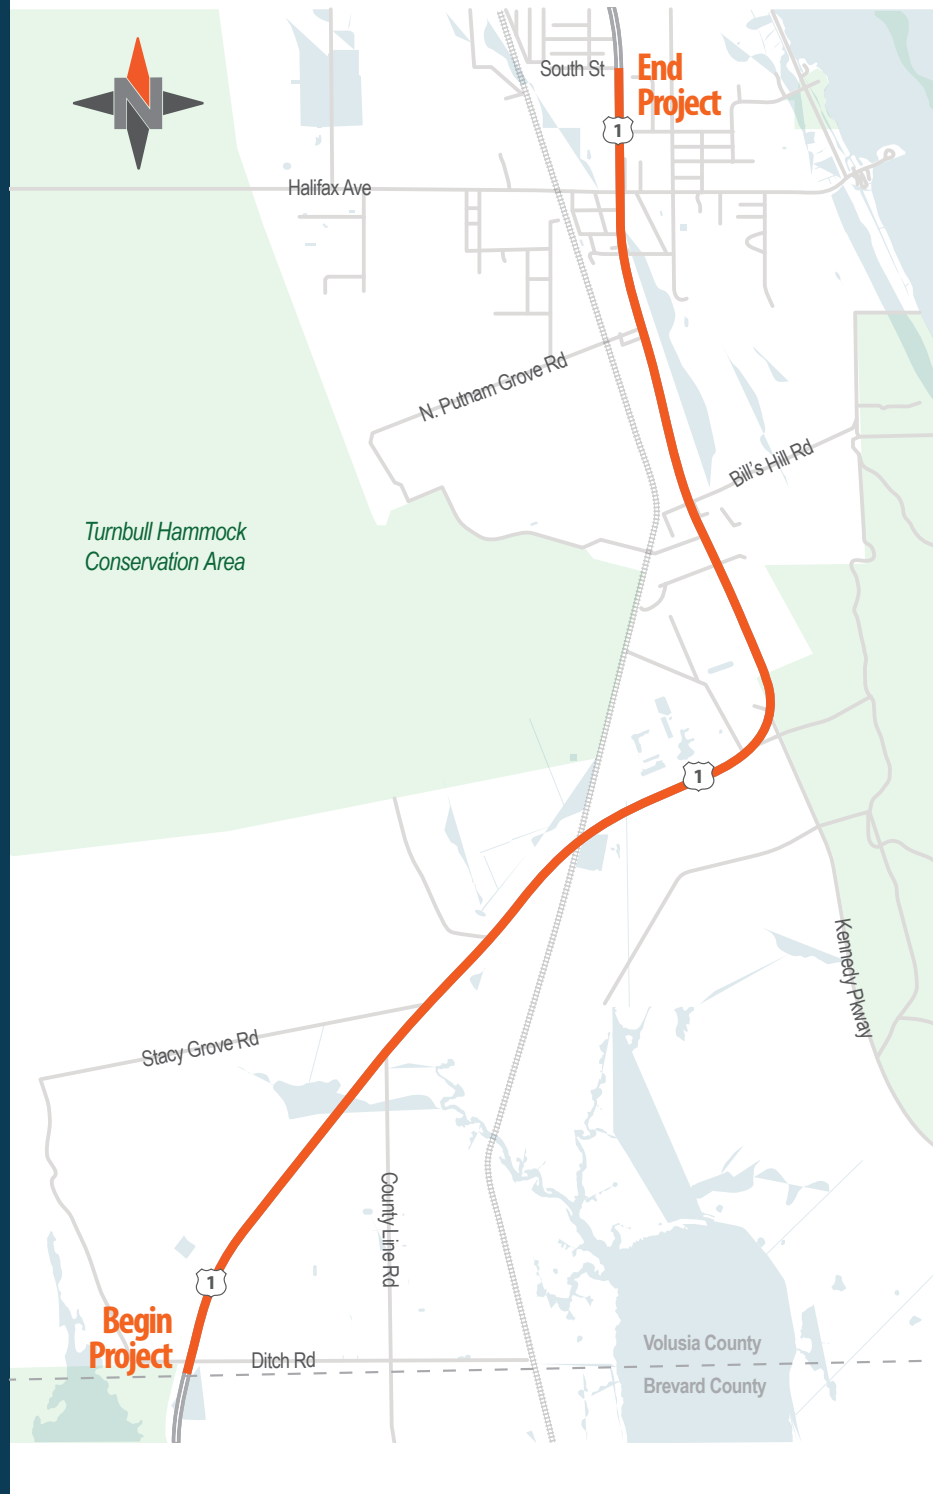

Project Information

The Florida Department of Transportation (FDOT) is designing plans to resurface U.S. 1 from the Brevard County line to South Street in Volusia County. The purpose of this project is to rehabilitate about 6.7 miles of asphalt pavement through milling and resurfacing to extend the service life of the existing roadway. No changes to the typical section are proposed.

Necessary roadside improvements such as drainage upgrades, guardrail replacement, sidewalk reconstruction in certain areas, utility coordination, pedestrian/bicycle temporary traffic control plans and coordination with Voltran regarding bus stop locations, landing pads and temporary construction are also included.

The FDOT invites your questions and comments about this project. Please contact FDOT Project Manager Marcus Lisicki, P.E., at Marcus.Lisicki@dot.state.fl.us or 386-943-5542

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons wishing to express their concerns relative to FDOT compliance with Title VI may do so by contacting Jennifer Smith, FDOT District Five Title VI Coordinator, at Jennifer.Smith2@dot.state.fl.us
