Financial Project Number: 436123-1-52-01
**SR 405 (Columbia Blvd.) at Sisson Rd. Intersection
Improvements**

- **The intersection improvements are being designed to provide additional left turn capacity and reduce congestion.**
- **A traffic separator is being designed along Sisson Road for 200 feet to prevent gridlock at the intersection due to vehicles waiting to turn left into the first Sunoco driveway on Sisson Road.**
- **This design enhances safety and increases the number of vehicles that will be able to make the left turn movement during the period where the left turn “green arrow” is provided.**

Sisson Road Improvements

SR 405 (Columbia Blvd.) at Sisson Rd. Intersection Improvements

Key Design Elements:

- **Addition of second left turn lane on east bound SR 405 (Columbia Blvd.) at the intersection for traffic turning onto north bound Sisson Road.**
- **Addition of second receiving lane for the north bound Sisson to accommodate both lanes of left turning traffic.**
- **Raised concrete traffic separator will be added between south bound and north bound through lanes of Sisson Road.**
- **To accommodate additional left turn lane, SR 405 (Columbia Blvd.) will be widened into the existing landscaped median.**
- **To accommodate the additional receiving lane, Sisson Road will be widened on the east side of the roadway.**

SR 405 (Columbia Blvd.) at Sisson Rd. Intersection Improvements

Key Design Elements (Continued):

- The pavement will be resurfaced to provide a rehabilitated surface along the entire length of Sisson Road in both directions.
- The pavement along SR 405 (Columbia Blvd.) will be resurfaced along the adjacent (existing) left turn lane to provide a smooth transition to the new lane.
- Additional right of way will be purchased from five (5) properties along the east side of Sisson Road to accommodate the widening.
