

INTERSECTION IMPROVEMENTS

S.R. A1A at Williams Avenue

Volusia County

Financial Project
Identification
(FPID) No.:
446544-1

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is making safety and operational enhancements at the intersection of State Road (S.R.) A1A (N. Atlantic Avenue) and Williams Avenue, in Daytona Beach. The project involves upgrades to mast arm traffic signals, additional pedestrian lighting, and improvements to curb ramps and sidewalks. Crews will also install new drainage pipes and structures and update signing and pavement markings.

WHAT TO EXPECT

During construction, motorists should expect intermittent lane closures during active work periods. Speed limits of 35 mph will be maintained during construction, and road users are advised to follow all posted signage and detour information.

Electronic message boards and other signage will direct traffic through the work zone. The level of work activity and noise will vary during different construction phases. Please note that the construction schedule may change due to weather or other unexpected conditions. For the most current project details and lane closure information, please visit FDOT's Central Florida website at www.cflroads.com.

CONTRACTOR

Halifax Paving, Inc.

PROJECT COST

\$1.2 million

PROJECT START

November 2024

ESTIMATED COMPLETION

Summer 2026
