

DRAINAGE IMPROVEMENTS

S.R. A1A (North Atlantic Avenue) at Driftwood Avenue to the Halifax River

Volusia County

**Financial Project
Identification (FPID)
No.: 427986-1-72-32**

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is cleaning, repairing, and lining the existing State Road (S.R.) A1A (North Atlantic Avenue) underground storm drain pipe at Driftwood Avenue in Daytona Beach, Volusia County. This drainage outfall system carries excess rain and groundwater from S.R. A1A at Driftwood Avenue to the west end of Wilmans Boulevard, where it empties into the Halifax River. Additional enhancements include milling and paving at various locations throughout the project limits.

WHAT TO EXPECT

Throughout construction, motorists should expect intermittent road closures and detours along the following roadway segments:

- Driftwood Avenue
- Flagstone Drive between Driftwood Avenue and Chipeway Avenue
- Chipeway Avenue between Flagstone Drive and North Halifax Avenue
- North Halifax Avenue between Chipeway Avenue and Wilmans Boulevard
- Wilmans Boulevard

These closures will allow the project team to perform work on drainage structures located along the identified roadway segments. Electronic message boards, flagging operations, and other signage will be used to direct motorists through the detours.

The construction schedule may change due to weather or other unforeseen circumstances. Always be cautious and avoid distractions when driving through a work zone. For the most current project details and lane closure information, make sure to visit the project page on FDOT's Central Florida Roads website, www.cflroads.com.

CONTRACTOR

Earthscapes Unlimited, Inc.

PROJECT COST

\$2.4 Million

PROJECT START

May 2023

ESTIMATED COMPLETION

Spring 2024
