

State Road (S.R.) 46 (West Main Street) and U.S. 1 (S.R. 5) Brevard County

Financial Project ID's: 435658-1-52-01, 432398-1-52-01 and 434404-1-52-01

Project Overview

The Florida Department of Transportation (FDOT) will resurface two sections of S.R. 46 (West Main Street) in conjunction with a project to resurface and improve drainage along U.S.1 in Mims. The work involved in this project includes:

- Milling, resurfacing and improving drainage along S.R 46 from the Volusia County line to east of Carpenter Road.
- Milling and resurfacing West Main Street from west of Palm Avenue to U.S. 1. This project also constructs sidewalk, provides a bike lane, improves drainage, and updates bus stops with Americans with Disabilities Act (ADA) features. Space Coast Transit Authority (SCAT) bus stops will remain accessible.
- Milling, resurfacing and widening portions of U.S 1 from north of LaGrange Road to south of Minnie Lane (near Tractor Supply). This project also replaces sidewalk, provides a bike lane, updates bus stops and improves drainage. Installation of drainage structures will require modification to some driveways, but access will be maintained. Access signs will be provided if a business entrance is impacted by construction.

Lane Closures:

No lanes closures near signalized intersections between 6:30 a.m. and 8:30 p.m. or during student drop-off/pick-up times at Mims Elementary.

Fast Facts

Contractor:

Halifax Paving, Inc.

Total Cost:

\$4.8 million

Project Length:

Nearly 10 Miles

Work to Begin:

Spring 2018

Estimated Completion:

Fall 2019
