

ROADWAY RESURFACING

U.S. 441 from State Road 35 to State Road 200

Marion County

Financial Project
Identification No.:
439238-1

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) will be resurfacing U.S. 441 from Baseline Road (State Road (S.R.) 35) in Belleview to S.R. 200 in Ocala. The project also includes constructing a southbound left turn lane in the median to Southeast 100th Place, and shifting the existing northbound left turn lane to the south to maintain storage length. The existing median opening just east of Southeast 100th Place, in front of the Moose Lodge, will be removed.

Additional improvements include removal of some on-street parking throughout downtown Belleview, the addition of bicycle lanes within the right of way where possible and updating and providing new pedestrian features to meet Americans with Disabilities Act (ADA) standards.

WHAT TO EXPECT

During construction, motorists should expect nightly lane closures between 7:30 p.m. and 7 a.m. Electronic message boards and other signage will be used to direct traffic around the closures. Uneven pavement is a common, unavoidable roadway condition with resurfacing projects as the contractor must put down different layers of asphalt during various phases of construction.

Motorists are asked to use extra caution while driving through the work zone. Road conditions during construction are temporary and will become less apparent as the project progresses. Please note the construction schedule may change due to weather or other unexpected conditions. Current project details and lane closure information can be found online at <http://www.cflroads.com/project/439238-1>

CONTRACTOR

D.A.B. Constructors, Inc.

PROJECT COST

\$17.5 million

PROJECT START

Early 2021

ESTIMATED COMPLETION

Late 2021
