

Nova Road (S.R. 5A) at Miles Drive Safety Improvements

Volusia County

Financial Project Identification (FPID) No.: 992100-4

Project Description

The Florida Department of Transportation is designing safety improvements at the intersection of Nova Road (State Road (S.R.) 5A) and Miles Drive in Port Orange, Volusia County.

The purpose of this project is to increase safety, improve traffic flow, and reduce the number of areas where vehicles cross paths by modifying the full median opening to a two-way directional median opening with appropriate signage and pavement markings. This change will continue to allow northbound and southbound right turns, as well as eastbound and westbound left turns onto Miles Drive. Northbound and southbound left turns onto Nova Road will be prohibited at this intersection.

These improvements were developed following an intersection study completed in March 2020.

Project Status and Estimated Costs*

Design:	In Progress, Completion, Mid-2022	\$	10,800
Right of Way:	Within Existing		N/A
Construction:	Start, Mid-2022 Completion, Late 2022	\$	67,000

*subject to change
