

# INTERSECTION IMPROVEMENTS

U.S. 17-92 (South Volusia Avenue) at Enterprise Road

**Volusia County**

**Financial Project  
Identification  
(FPID) No.:**  
449235-1

## PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is making improvements at the intersection of U.S. 17-92 (South Volusia Avenue) and Enterprise Road to enhance overall safety. The project includes replacing the free-flow right-turn lane from westbound Enterprise Road to northbound U.S. 17-92 with two signalized right-turn lanes. A new right-turn lane is also planned from northbound U.S. 17-92 into the Bravo Supermarket shopping plaza.

Additional upgrades include upgrading existing traffic signals and pedestrian crossing signals, enhanced lighting, drainage improvements, and a new sidewalk on the northeast side of the intersection. Refuges will be added at medians to protect pedestrians crossing U.S. 17-92. Pedestrian curb ramps will be upgraded to comply with the latest Americans with Disabilities Act (ADA) standards.

## WHAT TO EXPECT

During construction, motorists should expect intermittent lane closures, Sunday through Thursday, from 9 p.m. to 7 a.m., to accommodate work activities.

Electronic message boards and other signage will direct traffic through the work zone. The level of work activity and noise may vary during different construction phases. Uneven pavement is a common condition during resurfacing projects, as different layers of asphalt are applied in phases. Motorists are encouraged to use caution while traveling through the work zone. Road conditions during construction are temporary and will improve as the project advances.

Please note that the construction schedule is subject to change due to inclement weather or other unforeseen conditions. For the most current project details and lane closure information, please visit FDOT's Central Florida website at [www.cflroads.com](http://www.cflroads.com).

### CONTRACTOR

Carr Construction, LLC

### PROJECT COST

\$2 million

### PROJECT START

September 2025

### ESTIMATED COMPLETION

Early 2026
