SAFETY AND OPERATIONAL IMPROVEMENTS

U.S.1 (S.R. 5) from North of Century Oaks Circle to North of Myers Drive

Brevard County

Financial Project Identification (FPID) No.:
443814-1

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is implementing safety and operational improvements along U.S. 1 (State Road (S.R.) 5) from north of Century Oaks Circle to north of Myers Drive. The project includes resurfacing the roadway and installing new drainage, guardrail, and a Pedestrian Hybrid Beacon (PHB) at the existing crosswalk at the Yellow Dog Café.

A PHB is an overhead traffic device that remains dark until a pedestrian activates the beacon, signaling for drivers to come to a stop and for pedestrians to cross. For more information about PHBs and how to use them, visit https://www.alerttodayflorida.com/Pedestrian.

The project will also include the installation of new lighting at signalized intersections along the corridor to improve visibility at existing crosswalks. In addition, pedestrian curb ramps will be reconstructed to meet current Americans with Disabilities Act (ADA) standards.

Other safety enhancements include narrowing the travel lanes from 12 feet to 11 to provide wider paved shoulders for bicyclists and adding bicycle keyholes at right-turn lanes to improve bicycle safety.

WHAT TO EXPECT

During construction, motorists can expect intermittent lane closures between 9 a.m. and 4 p.m. and between 6:30 p.m. and 7:30 a.m. Please be aware that construction activity and noise levels may vary throughout different phases of the project. Motorists should also anticipate areas of uneven pavement within the project limits, as this is a common condition during resurfacing projects when the contractor applies multiple asphalt layers in phases. These roadway conditions are temporary and will improve as the project progresses.

Electronic message boards and additional signage will help direct traffic through the work zone. Please note that the construction schedule may change due to inclement weather or other unexpected conditions. For the most current project details and lane closure information, please visit FDOT's Central Florida website at www.cflroads.com.

CONTRACTOR
V.A. Paving, Inc.

PROJECT COST
$7.1 million

PROJECT START
October 2025

ESTIMATED COMPLETION
Fall 2026
