

TRUCK & FREIGHT PARKING FACILITY

Westbound Interstate 4 (I-4) Truck Parking

Volusia County

**Financial Project
Identification
FPID) No.:**
446445-4

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is constructing a new truck and freight parking facility along Interstate 4 (I-4) about 5 miles west of Interstate 95 (I-95) in Volusia County. Located along a key regional freight corridor, the project will expand access to reliable truck parking and support the growing demand for freight mobility in Central Florida.

The approximately 117-acre facility will initially provide 154 truck parking spaces, with a future expansion planned to accommodate up to 229 spaces. Real-time parking availability information will be provided through FDOT's Truck Parking Availability System (TPAS).

Amenities will include restrooms, on-site security, lighting, sidewalks, pet-walking areas, picnic areas, walking trails, and naturalistic landscaping. The site will also feature wildlife fencing, wildlife-sensitive lighting designed to preserve the existing wildlife crossing, and a dedicated conservation area.

WHAT TO EXPECT

During construction, motorists should expect intermittent single-lane closures from 6:30 p.m. until 5 p.m. the following day, as well as double-lane closures between 8 p.m. and 7:30 a.m., to accommodate work activities. Electronic message boards and other signage will direct traffic through the work zone. The level of work activity and noise may vary during different construction phases.

Motorists are encouraged to use caution while traveling through the work zone. Please note that the construction schedule is subject to change due to inclement weather or other unforeseen conditions. For the most current project details and lane closure information, please visit FDOT's Central Florida website at www.cflroads.com.

CONTRACTOR

CWR Contracting, Inc.

PROJECT COST

\$42.5 million

PROJECT START

September 2026

ESTIMATED COMPLETION

Fall 2027
