

ROADWAY RESURFACING

S.R. 471 from C.R. 478A to S.R. 35/U.S. 301

Sumter County

Financial Project
Identification
(FPID) No.:
445295-1

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is implementing safety improvements along a 10.5-mile segment of State Road (S.R.) 471 from County Road (C.R.) 478A to S.R. 35/U.S. 301 in Webster. The purpose of this project is to resurface S.R. 471 to maintain a reliable travel surface.

Additional work includes driveway apron improvements, signage, pavement markings, and sidewalk upgrades that comply with the latest Americans with Disabilities Act (ADA) standards.

WHAT TO EXPECT

Single-lane closures should be expected throughout the work zone, both during the day and at night, as crews require buffer zones to remain protected from oncoming traffic during construction.

Motorists should anticipate areas of uneven pavement within the project limits, a common condition during construction when the contractor applies multiple asphalt layers in phases. Roadway conditions are temporary and will improve gradually as the project progresses.

While workers are on site, motorists are strongly encouraged to exercise caution and reduce speed to ensure the safety of everyone on the roadway. The project timeline is subject to change and may be adjusted due to inclement weather or other unforeseen circumstances. For the most current project details and lane closure information, please visit FDOT's Central Florida website at www.cflroads.com.

CONTRACTOR

C.W. Roberts Contracting Inc.

PROJECT COST

\$5.9 million

PROJECT START

November 2025

ESTIMATED COMPLETION

Spring 2026
