

INTERSECTION IMPROVEMENTS

Fiske Boulevard (S.R. 519) at Levitt Parkway/Lakemoor Boulevard

Brevard County

Financial Project
Identification
(FPID) No.:
450417-1

PROJECT DESCRIPTION

The Florida Department of Transportation (FDOT) is implementing improvements at the intersection of Fiske Boulevard (State Road (S.R.) 519) and Levitt Parkway/Lakemoor Boulevard in Rockledge. Crews will be installing new traffic signals that provide left-turn access for northbound and southbound Fiske Boulevard.

Pedestrian enhancements include installing new eastbound/westbound crosswalks across Fiske Boulevard and pedestrian crossing signals at all four crosswalks. Pedestrian ramps will also be installed at the new crosswalks to meet current Americans with Disabilities Act (ADA) standards. Short sidewalk connections will be constructed along Lakemoor Boulevard.

This project is being constructed with another project that will implement safety improvements on Fiske Boulevard from Barbara Jenkins Street to King Street (S.R. 520) in Cocoa (FPID No. [451310-1](#)).

WHAT TO EXPECT

During construction, motorists can expect intermittent single- and double-lane closures during active work periods. The posted speed limit of 45 mph will be maintained throughout the project limits. Motorists are advised to proceed with caution.

Electronic message boards and other signage will direct traffic through the work zone. Levels of work activity and noise will vary during different construction phases. Motorists should anticipate areas of uneven pavement within the project limits, a common condition during construction when the contractor applies multiple asphalt layers in phases. Many of these roadway conditions are temporary and will gradually improve as the project progresses.

Please note that the construction schedule may change due to inclement weather or other unforeseen circumstances. For the most current project details and lane closure information, please visit FDOT's Central Florida website at www.cflroads.com.

CONTRACTOR

Carr Construction, LLC.

PROJECT COST

\$3.6 million

PROJECT START

April 2026

ESTIMATED COMPLETION

Fall 2026
